Caution — You May Be Working
 by Jean DeRemer

Since all teenagers are conformists, you are probably doing what you're supposed to be doing. If you are positive you are, skip to the last paragraph; if not, read straight through.

Today's teenagers are supposed to be lazy, do no work, and spend their time driving wildly through town. They are supposed to be out causing accidents and worsening their reputation by not working. And most important, the 13 to 16-year-olds are supposed to loaf in school and "dropout" as soon as possible.

Teenagers should not: Do work around the house, read good books, be ladies or gentlemen, obey their parents, or do anything worthwhile. They should not do their best in school and, most important they should absolutely not try to make that seventy-five per cent average now required to take any credits.

Now that you're where you're supposed to be, why not work a little harder, especially in school.

Spy!

"Hello there!" This is your friendly Spy bringing you all the latest news and juicy bits from in and around the halls of A.C.S. and from other places also. Well, this has been a very busy summer for most of us. Shall I tell you all about it?

It seems that G. B. had quite a summer at the lake, as well as at home. Could it be that you had visitors from Andover, while there? (Maybe John H. and Mike B.) But, whose pin was that, that you were seen wearing for three days?

Bonnie and Debbie have also made new friends this summer. And from Belmont, too. I really thought it looked as if you were having fun last Tuesday!

Speaking of Belmont, Diane, it seems that B. S. wasn't home much the last two weeks of summer. Did you take a little trip down to Troy, Pa., last Sunday?

I've also heard that Kathy J. had a very good time at Brentwood, this summer. Meet anyone, Kathy?

How are things in Canisteo, K. S.? I certainly want to wish you good luck with him and hope that he has no more car trouble!

That was really some night out on the town that Pat, Celia, Sharon, Penny, Janet, Jeannie, Bobbie, Cheryl, Diane and Ruth had. I guess you won't forget that soon.

Celia had a long vacation in Gifford, Illinois. From what I hear she really had a good time on a motor-scooter!

Sharon had some good times from what I hear. Is there someone at Cornell whom you really miss?

Ruth spent two wonderful weeks

I heard that Sharon had a birthday party given in her honor this summer. I guess that really turned out to be something, didn't it, boys?

J. H. was in Kansas City for ten days and then she returned home via jet.

Janet spent part of her vacation in Connecticut, but she was greatly missed.

P. G. had a little accident this summer. Seven stitches. I hope she learned her lesson.

There was a busy little group of workers over at Penny's Thursday night, everyone was working very hard packing.

Diana was also busy this summer, with her many friends at summer school. But Saturday night she was seen in the show with I. C. Also, there was C. L. and B. E.

Cheryl spent a few days in Gettysburg, but I guess she had more fun when B. R. came home!

B. V. had a real great party and everyone was there. I heard that it was really fun. Right, P. G.?

Don and Dianne had dinner at Long View. Did you have fun?

Well, kids, that's all for now. But there will be more next week. See y'a around.
