

"TREATS FOR TOTS" — FUN FOR ALL YOUTHS!

An Editorial

Last year it was very gratifying to see that Andover Central School Students were capable of showing good judgement in their treatment of Hallowe'en.

To the best of our knowledge, the Village Streets were kept clean all evening, thereby eliminating the possibility and danger of any motorist being injured or having their autos damaged from this source.

We also credit the parents and grown-ups for contributing their share towards making it the most quiet and damage free Hallowe'en here in many years.

Of course, there was the usual amount of window soaping and hi-jinks that is normally considered part of Hallowe'en.

This year we would again like to see this exemplary type of conduct shown by both the children and parents as well as the rest of the grown-ups.

We certainly can't see where any useful purpose can be served or strength of character developed in young people of today if parents allow half or two-thirds grown children to roam the streets with large paper bags collecting their loot in a door-to-door canvass under the threat of "Tricks or Treats"! To us, this appears as a modified type of blackmail because the gist of the expression is that if you don't give me a treat I'll pull a dirty trick on you!

How much better it sounds to have a "Treat for Tots" expression for the tiny kids to use when they are all dressed up in their Hallowe'en costumes and go to pay their neighbors a brief call to show off their finery, and of course accept a hand-out if offered.

Last year the Chamber of Commerce and members of the American Legion got together and put on a program for all local school children which was climaxed with a dance at the Legion Home. This was well attended with everyone appearing to have a good time.

This year the same two groups have made the same arrangements and are presenting an evening's entertainment for our young people.

There will be the usual Costume Parade, free cider and donuts, and then a Youth Dance for all Junior and Senior High Students of Andover Central School at the Legion Home starting at 8:30 P. M.

The success of these ventures will be strictly up to the Students of Andover Central School! It has resulted from their suggestions in the past—and they will be reaping the harvest.

Let's hope that the interest shown by the adults in making this possible won't be in vain!

STOP THIS STEAL!! VOTE NO!!! An Editorial

Amendment No. 1—This would change the State Constitution so that politicians could play Santa Claus with your money for people with incomes higher than yours.

The taxes on your home or the rent you pay would be increased to pay part of the rent of people with higher incomes in more expensive apartments than most people can afford for themselves. This hurts you because the State could not help everyone earning the same income. It would help a selected few. You and all others with the same or less income would be taxed to pay for it.

Proposition No. 1—This is a tricky little number. It asks you to approve part of the Law that puts into effect exactly the same proposal which the voters of this State overwhelmingly voted down in 1962. Did you mean it when you said **NO** the first time?

Unless you vote **NO** this time, the State will borrow another \$165,000,000 to build more government-owned apartment houses. The apartments will be rented at below cost rents and the State will give away another \$7,500,000. a year of your tax money to make up the difference.

STOP THIS STEAL OF YOUR TAX MONEY — VOTE NO ON BOTH OF THESE!!!
