The West Greenwood Grange Meeting has been postponed until Saturday, January 16th.

News That's Print To Fit

Cold Wave Arrives!!!

The old saying that everyone talks about the weather but no one does anything about it isn't quite correct as far as we are concerned. — We at least write about it! However, if we were using a pen outside today, more than likely the words wouldn't be thawed out until next July. Somewhere along the line, last Friday's spring-like weather caught a wrong bus or else turned the wrong corner.

According to the boys down at the Pump Station, the recorded Low on Friday, Jan. 8th was 32, with a High of 51. Compare that with the Low of last night (Wed.) 6 above—with the mercury rising to 4 above at high Noon, today. (Who said rising?)

In case anyone has any doubts about what vehicle registrations expire at midnight Friday, Jan. 15th, here is the latest word from the horse's mouth:

All trailers and semi-trailers, including house and coach trailers, used for carrying commodities, supplies and personal material and towed by other motor vehicles.

Commercial trucks and vehicles used for carrying merchandise or commodities either for or without compensation, and for hauling trailers and semi-trailers.

Agricultural vehicles — trucks used by owners only for transporting agricultural or dairy products or supplies, or for personal passenger use.

Farm Vehicles — passenger, commercial vehicles or trailers limited in use to the most direct route or routes between a farm, portions of a farm or two or more farms owned or operated by the registrant.

Special Purpose Commercial vehicles—snow plows, road rollers, truck cranes, traction engines, power shovels, road building machines, road sweepers, sand spreaders, well drillers, and well servicing rigs which are driven on public streets or highways.

Well that's the story—do you have yours yet?—(we haven't—somehow or other there just doesn't seem to be much incentive when you don't at least get a nice new shiny different number.)—We wonder how much the rate figures out to per pound for those little stickers?

Here is an interesting little news item that we ran across recently that appeared in the Ogdensburg Advance-News:

PLATTSBURGH POWER RATE IS CUT AGAIN

New York, — James A. Fitzpatrick, Chairman of the Power Authority of the State of New York, Saturday announced Trustee approval of a rate reduction for the City of Plattsburgh which makes the community's residential rate for electric power fifth lowest in the nation. When the new schedule went into effect, December 1, 1964, only two communities of over 2,500 population in Oregon and two in Washington will be paying less for electricity than the City of Plattsburgh.

After discussion between Power Authority and the Plattsburgh Electric Department, a reduction of \$60,000 per annum was agreed upon and approved by Authority Trustees.

This is the fifth such reduction since Authority service to the City began Jan. 1, 1959. The five reductions under Authority service have lowered the annual electrical cost to Plattsburgh by more than \$425,000 a year. Such reductions reflect compliance with the original intent of the Power Authority Act. —30—

That last sentence is a real honey! When are we going to get our FIRST reduction here in Andover?

And-Well Milk Producers Hold Annual Meeting

The 29th Annual Meeting of the And-Well Milk Producers Coop. Inc., was held Saturday, January 11, at the Masonic Temple in Andover, N. Y.

A Ham Dinner was served to 174 members and guests by the Eastern Stars.

The meeting was called to order at 1:30 p. m., by the President Norbert Lynch. Walter Forshee, Field Man, for the Metropolitan Bargaining Agency, was introduced and he presented Vicki Lynch, who gave a colorful explanation on her trip to the R.L.C. Conference at East Lansing, Michigan.

Victor Austin and Howard Burdick whose terms expired as directors were re-elected for three year terms. President Lynch then introduced Martha Lou Lynch who presented a brief lecture on the Early History of America.

The meeting was adjourned and entertainment was furnished by the Geri Callahan Dancers.

Immediately following the entertainment the Board of Directors met and organized as follows: Victor Austin, President; Lyle Danielson, Vice President; Howard Burdick, Sec. Treasurer; Norbert Lynch, Delegate; Arthur Mills, Jr., Alternate Delegate

Kenneth Heselton To Participate In Inaugural Parade

Cadet Kenneth E. Heselton, son of Mr. and Mrs. Richard Heselton of Andover, will be among the Regiment of Cadets of the United States Merchant Marine Academy, Kings Point, N. Y., at the Inaugural Parade for President Lyndon B. Johnson on January 20, 1965 in Washington, D. C. The United States Merchant Marine Academy is one of the five federal Academies and is part of the Maritime Administration of the U. S. Department of Commerce.

The Regimental Battle Standard of the U. S. Merchant Marine Academy will be carried for the first time in President Johnson's Inaugural Parade by the Kings Point Color Guard.

Kings Point is the only Federal Academy privileged to carry its own Cadet Battle Standard since the Kings Pointers went into the war zones in World War II while still in training. The numeral 210 on the Battle Standard commemorates the number of Kings Pointers who made the supreme sacrifice while at sea during World War II.

For the first time the uniform of the Kings Pointers will take on a "new look". The McLintock blue sash and white baldric sword cross belts will be worn by the Merchant Marine Academy Cadets. The sash takes its name after Rear Admiral Gordon McLintock, the Academy Superintendent. The white baldric will be worn by cadet officers only.

Cadet Heselton a 1st Classman majoring in Marine Engineering will graduate in August, 1965.

Upon graduation Cadet Heselton will receive a Bachelor of Science degree, a commission in the United States Naval Reserve and Third Assistant Engineer License, permitting him to sail as an officer aboard any U. S. Merchant vessel.

Cadet Heselton graduated from Andover Central School in June 1961.
