Greenwood Central School News

Greenwood Teacher's Association of Greenwood Central School have completed plans for a testimonial dinner, Tuesday, January 26, honoring Wesley Tennant who will be leaving the Greenwood School District for a position at Falconer Central School. A tureen dinner will be served at 7:30 p. m., in the school gymnasium. Members of local organizations, friends of the school and parents are invited. Those attending should bring their own table service, rolls and a dish to pass. They may contact Mrs. Shirley Cook, Homemaking teacher, at the school if they wish information concerning the type of dish to bring. Coffee and meat will be furnished.

Irene Sky, a senior at Greenwood Central School, has been accepted at State University College of New York at Genesee for training in Elementary Education beginning September 1965.

Irene has majored in mathematics and science, and has participated in the following activities: Girl's Chorus, Yearbook Club, National Honor Society, Nurses' Aide, Student Council and Newspaper Club.

Irene is the daughter of Mr. and Mrs. Michael Sky, R.D., 1, Greenwood, New York.

At the regular meeting of the Board of Education of the Greenwood Central School, Sheldon Atherton of Greenwood R.D. 1, was hired as Agriculture Teacher replacing Robert Hoagland, who on February 1 will assume administrative duties. Atherton presently is studying at Cornell University where he will finish the last of this month.

Also placed on probationary appointment as of January 1, 1965 was Mrs. Eileen Merry who was engaged to fill the vacancy in the first grade occasioned by the leave of absence granted Mrs. Eleanor Lamphier.

The Board continued review of transportation policy. It was noted that the new bus had been received and had passed inspection. The bus was assigned to the West Hill route driven by Frederick Teribury. Authorization was given for the issuance of bonds for the bus in the amount of \$5,150.

The new vacuum pump secured from Kemp Plumbing Company after competitive bidding was inspected in the boiler room and plans made for its installation and trial operation. The present pump after removal will be serviced and over-hauled and kept as a spare.

The Principal discussed with the Board a proposed visit of parents and school personnel to classes in Wellsville being contracted for the BOCES of Allegany County. Two Board members expressed an interest in joining the group if they were available when the trip took place.

James Murphy, was approved for substitute bus driving.

A letter was read from New York State Department of Highways at Hornell acknowledging the Board's support of the request of the community for elimination of the truck hazard at the southern intersection of Routes 17 and 248.

Present were all Board Members: District Clerk, Virginia Hunt Wesley Tennant, Principal; and Robert Hoagland who will take over the principalship February 1.

At the conclusion of the meeting Principal Tennant expressed his appreciation to the Board for the excellent manner in which they governed the school and the support they had given. Tennant noted, too, and gave thanks for the interested cooperative attitude of the community and the excellent teaching talents and cooperation of the staff. He praised also the work of the non-teaching employees without whose efficiency and interest the school could not

MEDICAL SOCIETY OF THE STATE OF NEW YORK

WHEN SUBJECTED TO CONSTANT FRICTION AND PRESSURE, THE SKIN BECOMES THICKER IN SELF-DEFENSE. FIRM, PROTECTIVE THICKENINGS, OR CALLUSES, DEVELOP ON THE HANDS FROM CONTINUAL MANUAL LABOR.

THE FEET CAN GET AWFULLY BEATEN UP OVER THE LONG HAUL FROM STYLISH BUT BADLY FITTING SHOES THAT FORCE THE DEVELOPMENT OF CALLUSES. SHOE PRESSURE CAN FORCE CALLUSES TO GROW PAINFULLY DEEP INTO THE SKIN - CORNS (INCIDENTALLY, THIS WORD "CORN" IS FROM A LATIN WORD MEANING "HORN" - NOT THE CEREAL-WORD "CORN").

DO YOU PERSIST IN WEARING BADLY-FITTING SHOES THAT ARE TORTURE CHAMBERS RATHER THAN COMFORTABLE PROTECTION FOR YOUR FEET?

Dental Care Available For Needy Senior Citizens

Many needy senior citizens of this area do not know that dental care is available to them under New York State's program of medical assistance for the aged, according to a survey reported by Dr. Thomas W. Thomas, of Warsaw, N. Y., president of the Eighth District Dental Society (Counties of Allegany, Cattaraugus, Chautauque, Erie, Genesee, Niagara, Orleans and Wyoming.)

Dr. Thomas noted that the program grants to needy aged persons dental care they are otherwise unable to obtain including full and partial dentures.

To receive the assistance, he said, a person must be 65 years of age or over, and must be a bona fide resident of New York State.

"No eligible person should hesitate to apply for the aid offered by this program," Dr. Thomas stressed. "It is the right of every needy aged citizen to seek and receive the dental care available. Under the plan, elderly residents need not be destitute. They may have limited incomes and savings, and even own their own homes."

Applications for assistance, he said, may be made personally or by letter to the public welfare official of the locality in which the person lives. If he cannot make his own application, a relative or friend may apply for him.

The amount of dental assistance is not fixed, it is pointed out. It changes as need and income vary. For example, reduced earnings or contributions, or increased dental need, may require increasing the dental assistance provided. On the other hand, a

larger contribution from relatives because of their increased income might result in reducing the dental assistance provided, or in discontinuing it altogether if a person no longer needs it.

Route 17 Funds To Be Asked For By Governor

Governor Rockefeller will ask the Legislature, in his 1965 Budget Message to appropriate sufficient money to put the entire Binghamton-Lake Erie section of the proposed Southern Tier Expressway, Route 17, under design by the end of the next fiscal year.

Estimating design costs for the 205 miles involved at \$10 million, the Governor said in a statement that he will also propose provision of funds to start the acquisition of rights-of-way for all of the un-built portions of the Expressway.

"No proposed highway is more important to New York State than the Southern Tier Expressway (Route 17)," he said. "On the acceleration of its completion depends the attainment of the great future potential of this area."

The Governor said aerial photography and mapping of the Binghamton-Lake Erie sector has been completed in the last year and he has asked the Department of Public Works to review these maps and select the exact route for the Expressway.

Declaring the letting of important construction contracts for sections of the Expressway will be announced in the near future, the Governor said.

"All of this design work and the advanced acquisition of rights-of-way plus part of the construction will be undertaken as part of the accelerated highway construction program approved by the Legislature on my recommendation at the special session in December."
