There are many things that cause a traffic jam. An automobile accident may block traffic. Firetrucks at a fire block traffic. Riots may block traffic.

But does Andover Central School have a fire, accident, or riot during the noon-hour? No. Then why is "traffic" blocked during the late noon-hour?

It seems that there is a group of students who stop to talk anywhere and everywhere. One time, this group picked up so many "recruits" that they were packed from wall to wall. When not standing at someone's locker, these people stop in the middle of the hall.

All of us should remember that there is such a thing as courtesy. Let's not stop in the middle of the hall to talk, thus causing a minor traffic jam.

G. A. A. News

by Celia Grover

Last Tuesday afternoon after school, the women of the faculty, played a basketball game against the girls gym classes, coached by Celia Grover. There were seven women and twenty-seven girls playing. Due to this large quantity of girls, the women should have been at a disadvantage, but, it was just opposite. With such a large number of girls to work with, the situation was a bit uneasy.

As a result, the women faculty beat the girls with a 25 point margin (29 - 4). High scorer for the teachers was Miss Troxell with 15 points. The girls came up with only four points, made by Denna McCormick and Betty Burch. Almost everyone enjoyed the game. Two casualties were listed, Miss Tripp and Kathy Shellman, both players were recipients of sprained ankles.

Plans are being made for a volleyball tournament between the teachers and the girls later on this year.
