Farmer's Tax Guide

The Internal Revenue Service has prepared a free booklet of tax advice for farmers, called "Farmer's Tax Guide," it is available from county agriculture agents or the nearest Internal Revenue Office.

Mr. John E. Foley, District Director of Internal Revenue, said the booklet is written in non-technical language and contains numerous examples showing how tax rules apply in actual situations. A sample filled-in return form is included.

On page 3 is a list of "Important Dates to Remember." These tell farmers when to pay income and social security taxes, file returns, and meet other tax requirements. New items in this edition are also listed on this page.

The booklet was written primarily to help farmers prepare their 1964 tax returns. It is also useful as a tax reference guide thru out the year.

When Does Your Present Chauffeurs License Expire

Albany, February 1 — Approximately 100,000 New York State chauffeurs will be required to renew their licenses between now and February 28, the Department of Motor Vehicles said today.

The Department mailed punch card applications to these drivers today.

Some of the drivers, roughly one-third, will be required to submit proof that their eyesight meets the state standard of 20/40 in either or both eyes, with or without corrective lenses, or take a vision test at an issuing office. Certificates from physicians, optometrists, oculists, or ophthalmologists will satisfy the requirement when submitted with the renewal application.

Applicant who must comply with the vision requirement will find their applications marked "Vision Test Required" on the reverse side of Sub 3, the largest of the three tabs. Those whose last name initials begin with "A" through "F" are in this group.

Chauffeurs are urged to check the expiration date on their licenses and complete the renewal process as quickly as possible if they are among the 100,000 whose licenses expire on February 28. They should receive their applications within the next week.
