

**SOCIAL NOTES**

It was a rousing thunderstorm by anyones standards that came to Andover Saturday night. Electric power failure occurred at 7:25 p. m. and was off until 8:45 p. m. No reports were sent in on damage from lightning but there was plenty around. The area around Richburg and Scio was described by a life-time resident as "like nothing I've ever seen before", ripped through this community, leaving a path of highway destruction in its wake. With over an inch of precipitation falling in less than an hour, the area virtually was closed off as road shoulders and portions of pavement disappeared, both within the village and along many county highways.

Mrs. L. R. Hesson of Hornell, R.D. 1, entertained the L. L. Bridge Club at her home Thursday evening. A 7:30 dessert was served by the hostess with honors being presented to Mrs. George Sackett, Mrs. W. F. O'Connell, Mrs. John Oakes and Mrs. Frank Holmes.

Rodney Ruger, Junior at Forestville Central School, Forestville and grandson of Mr. and Mrs. Charles Ruger of Andover and Robert Walker of Wellsville, has been selected by the American Legion Post in that Village to attend Boys State at Colgate University, Hamilton, N. Y., June 27th to July 3rd.

Belfast Central School's 1965 Valedictorian has compiled the second highest class average since centralization in 1936, says Supervising Principal Woodor W. Conwell and Miss Susan Hillman, daughter of Mr. and Mrs. Archie Hillman, will graduate in June with an average of 95.90 per cent. Lee Guilford, son of Mr. and Mrs. LeRoy Guilford, also grandson of Mrs. Addie Cook of Andover, is the Salutatorian, with an average of 90.88.

**Angelica Raceway To Open Friday, May 21**

The Angelica Raceway, noted as the only dust-free track in Western New York, will open the 1965 season on Friday, May 21.

An exciting evening will be in store with two classes of cars. The Modern Stocks will be made up of many area drivers using 1955 to 1960 cars. The Sportsman Class will comprise cars from the years 1932 through 1954.

Enthusiasm and interest is running high with the owners and drivers as well as the loyal racing fans. The owners and drivers feel that they can put on a great show with these classes of cars which they can afford to own and drive. Action is what the fans want. More cars and many new faces will add to an evening of fun at the Angelica Raceway.

**Mailbox Improvement Week May 17 - 22**

The purpose of Mailbox Improvement Week is to call attention to the need for providing mail receptacles which are conveniently located, neat in appearance, safe to use, and which protect the mail from the weather.

Mailboxes of the approved traditional or contemporary design are required for Rural Routes. Patrons still using obsolete, top-opening boxes may continue to use them at that location, provided they are kept in serviceable condition and otherwise meet the requirements.

Boxes and supports should be kept painted and free from rust. The name of the owner should be shown on the side of the box visible to the carrier as he approaches, or on the door where boxes are grouped.

Mailboxes on Rural Routes must be located on the right-hand side of the road in the direction of travel of the carrier wherever it would be dangerous to serve the boxes on the left, or where this would be a violation of State or local traffic laws or regulations.

**Elm Valley Cemetery Association To Meet Thursday**
