Mental Health Drive To Start June 1st

The Mental Health Drive in Andover is scheduled for the period June 1st thru June 15th. Since contributors like to be aware of what happens to their donations, the following resume describes the local program aided by the Mental Health Fund.

The Association is dedicated to helping any individual or organization with any problem or program concerning mental health.

Of your contribution to the Bellinger Drive or Community Chest, 75% is used in our county and 25% is used by the State and National levels. They use it for education, research, films, pamphlets, etc.; The 75% that remains in Allegany County is used to support the following:

1. The Adult Consultation Center. This is held on Monday nights in the clinic rooms of Jones Memorial Hospital, Wellsville. It is run entirely by contributions and is available to any resident of Allegany County with no charge. There are three Psychologists ready to help any adult with any kind of marriage or personal problem.
2. Approximately every two years there is a film and discussion for Police Officers concerning their contacts with the mentally ill.
3. At present we are organizing Sub-Chapters in six areas of the county. Two are in operation now and will be taking members in the near future. They are the Fillmore-Houghton and the Friendship-Cuba Areas. Sub-Chapters in the other areas will be formed in the next month.

The purpose of these local groups is to provide films, lectures, programs, etc., to increase the knowledge and acceptance of the public of the causes and prevention of mental illness. In addition, they will assist church groups, PTA, youth organizations, etc., in programs such as "Problem Children", "Teenagers", "Adult Mental Health", and last, but not least, "Sex Education".

News That's Print To Fit

With all of the ads and other timely news in this week's paper, we have a feeling that this column is very apt to live up to its title—and get clipped a batch. Here we have three beautiful pictures all made up and ready to run—but it looks as if "The Walls That Came Tumbling Down" and the "One Swan a-swimming" as well as Carl's picture with his 5-foot (pet) Rattlesnake that he killed over near Swain's, N. Y., may have to wait until next week.

However, there are a few items of news that just can't wait—like the "new look" down at the Village Dump. Yep, we drove by yesterday afternoon just after it was all cleaned up.

In visiting with Mayor Kilbane about it this morning we were told that the Town equipment was all tied up so the Joyce Pipe Line Company came to the rescue and sent the necessary men and equipment down to the Village Dump and brought it up-to-date. Thus we will toss a bouquet to Merle and his Employers for taking care of this eyesore.

While on the same or rather related subject, we understand that Harry Alvord beautified the corner across from the Atlantic Station and has the grass (or hay) all nicely mowed for Decoration Day.

Then too, we mustn't forget Mr. Russell and his FFA boys that completed their annual project by planting all the dirty noses in the flower bed in the Island. (We also have a picture of that but that one isn't even printed up.)

Which also reminds us — that Saturday is the last scheduled pick-up day for the Village Clean-Up Day—so have your debris off of the curb Saturday morning if you all want it hauled away.
