Mr. and Mrs. Howard Brewster and Mrs. Helen Rogers called on Mr. and Mrs. Edward Brewster of Whitesville Saturday night.

"Red's" Rambles Cont.

—Howie Slocum, No. 4X, from Allentown, won the 1st heat; Ron Blackmer, No. 4 Jr., Youngsville, Pa., took the 2nd heat, the 2nd Semi, and the feature; with Gary Hazard No. 111, Busti, N. Y., capturing the 1st Semi.

In the New Model Class: Jim Scott, No. 3, Garland, Pa., took the 1st heat; Eddie Kisko, No. 6 from Kane, Pa., won the 2nd heat and feature; with Ron Blackmer, No. 4, winning the Semi. Runners-up in the feature were: Bob Schnars, M-1, from Busti, N. Y., 2nd place; Squirt Johns, 511, from Brockway Pa., 3rd; Johnny Ditch, 2, 4th; and "Little Joe" Tomes, No. 13, Olean, 5th.

At the Sportsman's Raceway in Ullyses, Pa., Saturday night, the weather was nice, the crowd was good, the track was in fine shape, and the show was really exciting, with plenty of cars on tap in both classes.

Things started off with a bang

in the first Novice Heat with a car chasing the photographer off his post near the light pole on the No. 2 turn and then rolled over on its side. The driver was uninjured—and was able to continue the race after his car was rolled back on its wheels. This excitement seemed to set the stage for the drama to follow, with at least one or more of the drivers "getting into the act" in every race.

Several cars went upon the bank along the backstretch with "you-roving photographer" catching No. 77 in the Moderns, and No. 6 in the Novice Class, "right in the act". The pile-ups were too numerous to mention, with several cars getting tangled up on the No. 1 turn and crashing into the pit gate and on into the pits; and others partially blocking the track between the No. 3 and No. 4 turns.

In the Novice Feature, Herby Layfield, No. 48, drove like a demon working his way up thru the pack, seized the lead, and then battled off all challengers, to cop

the checkered flag. After getting his picture taken, Herby informed us that this win was to celebrate the birth of his 9 lb., 2-oz., baby girl that his wife had presented him with on the previous day.

In the Modern Feature; Jim Hakes, No. 37, came roaring back after cracking up in one of the previous heats, to take the lead about the halfway mark in the race and continued his winning ways by romping home with an easy win.

For a brief re-cap; in the Novice Class—Frank Stackweather, No. 10 Jr., from Crooked Creek, took the 1st heat; Dan Deming No. 11, won the 2nd; Larry Swander, No. 99, took the "Consy"; with Herb Layfield, No. 48, winning the feature, and Phil Pipe, No. 71, taking 2nd, with Larry Swander, No. 99, placing 3rd.

In the Modern Class: Chet Smith No. 202, won the 1st heat; Floyd Green, No. 7, took the 2nd; Bob Williams, No. 52, took the "Consy"; and in the feature—Jim Hakes, No. 37, came in 1st; Basil

Shutt, No. 13, Wellsville, took 2nd; Don Alexander, No. B-1, Morris Pa., placed 3rd; and Chet Smith, No. 202, Port Allegany, Pa., 4th.

At Hornell Sunday afternoon, things were rather dusty as a result of the water truck breaking down earlier in the day which took valuable time repairing, so the track crew wasn't able to get the track watered down enough in time for the races. Gaylord tells us that they have the trouble fixed so things should be better this week.

Despite the dust, there was plenty of action with Herby Layfield doing an end-over-end flip and then rolling over several times to demolish the Hudson Hornet he was driving in one of the novice heats after he had won one race with his No. 48. Herby was pretty well shaken up and was rushed to the Hornell Hospital, but was back by the time the races were over with and told us that they thought that he might have a concussion

and that he was supposed to check into the Wellsville Hospital for observation.

In the Modern feature two cars played follow the leader and went over the bank between the No. 3 and No. 4 turn, but fortunately neither driver was injured, although only 1 of the cars was able to continue in the race.

For a brief re-cap of the results: In the Novice Class—Don Buchanan, No. 11X, won the 1st heat; Herb Layfield, No. 48, took the 2nd; Ike Edmister, No. 188, won the "Consy"; with Don Buchanan, No. 11X, capturing the feature; with Wayne Milliman, No. 04, 2nd; Phil Pipe, No. 71, 3rd; and Don Chalmers, No. 218, coming in 4th.

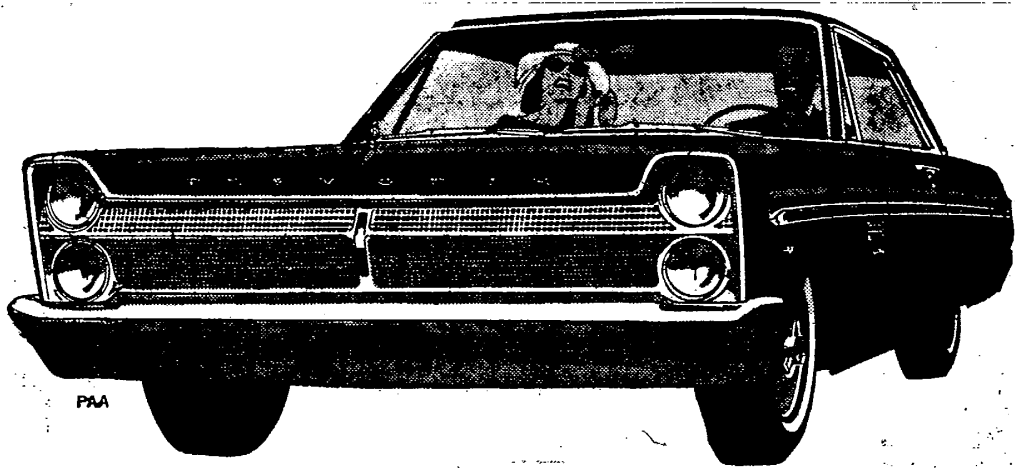

In the Modern Class—Al Plank, No. 7, took the 1st heat; Jim Hakes, No. 37, won the 2nd; Leo Houghtaling, No. 42, took the "Consy"; and Jim Hakes, No. 37, won the feature, with Don Wood, No. 203, taking 2nd, Sonny Hanes No. 11, 3rd, and Bud Perkins, No. 57, coming in 4th.

Plymouth sales prove it!

THE BIG SWITCH IS TO PLYMOUTH

One reason is the 5-year/50,000-mile warranty* on the parts that keep you going.

*Here's how Plymouth's 5-year/50,000-mile engine and drive train warranty protects you: Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 50,000 miles or 5 years, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 5 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Another reason is the 1965 Plymouth Fury. The biggest, plusher Plymouth ever... but still solidly in the low-price class.

Big on the outside, big on the inside. The plush part is the beautiful interior. Rich upholstery. Thick wall-to-wall carpeting. Smart, easily-readable instrumentation. Then there's

Belvedere... the big buy in the intermediate field. And Barracuda... the fast-moving fastback that started America thinking fastback. Not to mention Valiant... the compact that hasn't forgotten why you buy a compact. 4 great kinds of Plymouths. 60 models in all. 60 reasons why more and more people are switching to Plymouth for '65.

Test-drive a Plymouth at Plymouthland!
