Prefix Name Reserved For Herd Of Wm. Wahl

William Wahl, Andover, New York, will have the exclusive use of the prefix "Wahl-Tahl" in naming all registered Holstein dairy animals bred in that herd.

Use of this prefix name has been granted by Holstein-Friesian Association of America; it also becomes a part of official breed records at the national headquarters in Brattleboro, Vermont.

In using an exclusive prefix name for his animals, the purebred Holstein breeder establishes a "trade mark" which is used in all published information concerning the performance of his dairy animals.

The origination of prefix names often stems from farm names, family name combinations, or unique geographical or historical features of the farm operation. Thus, the exclusive nature of each prefix is preserved in selecting a "one and only" term.
