

The Hi Herald

Editorial

by Kathy Shellman

An important election will take place in the near future at A. C. S. This is the election of new Student Council President. The Student Council should be one of the most important organizations that we have in school. Unfortunately, excluding the slight pick-up in progress during the last two or three years, Andover's Student Council has been relatively powerless. This might be because many do not know the real duties and functions of the organization and its members.

What is the Student Council? It is a group of chosen members who meet regularly for the purpose of carrying out democracy in the school. You might say that the Student Council is a small government and each grade from sixth to twelfth, sends representatives to this governmental establishment. These members or representatives purpose is to protect the rights of those whom they represent and of the entire school. The students who represent their class have the right to voice their opinion on any matter which they believe may benefit the student body. The Council can pass laws and what is more, they can enforce these laws. The Student Council should be the best means we have to express our opinions freely. We at A. C. S. are neglecting our privilege of taking advantage of our rights! Our Student Council should be, and it can be, an active body.

Just as our nation's government needs a leader, so does our small government. What should his or her qualifications be? He should be reliable, trust worthy, capable and a real "go-getter". He should have the time to devote his attention to matters that the Council deals with. He should be a person who is a leader in the true sense of the word. Consider these qualifications and nominate the person you think has these qualities to contribute to the Student Council.

If we learn to exercise our power in this small government we are so lucky to have now, someday when we deal with larger government, we will be sure we are doing what is right.

Editor's Note

So far I have received only one letter in answer to my call for letters. Please send a letter to your editor! Read the notice in the Bulletin Board next to the Library.

Feature

A Salute to the Pep Band

As one of the A.C.S. prides, the staff of the Hi Herald wishes to salute the Pep Band for a fine group of performances in past years. Their cheerful music has brightened many a gloomy evening at a basketball game and awakened a score of pep rallies before an athletic season.

The Pep Band was started by Mr. Canale in 1957 to "build up school spirit". At that time it merely played a few minutes during the half-time of a game. When Mr. McClure came in 1959, he continued Pep Band and organized a series of drills. These drills added interest to the games and provided entertainment at half-time for our visitors.

Some other schools have tried Pep Bands, but none can compare to ours. Our Pep Band is now the most famous in the County. This well organized drill team is a credit to all of us.

We of A. C. S. are certainly grateful for all the time Mr. McClure has worked with the band people. We also wish to express our appreciation to the Pep Band members for their co-operation and effort in making A.C.S. a better school to attend. We hope to see them, brightening A. C. S. for many years to come.

Roving Reporter

This week two words were chosen to be given some real "way-out" definitions. The first word was "technology." The definitions were:

1. Marguerite Rick—the study of rocks.
2. Camilla W. — the study of creeps.
3. Joyce D.—no comment.
4. Mary D. — the science of guessing.

The real definition is the study of fossil foot prints.

The second word was Ylang-ylang. Definitions were:

1. Miss Sullivan — composition of rocks.
2. Ray M.—a Chinese food.
3. Merri S.—a kind of drink.
4. Tom K. — don't ask me.
5. Mary D.—a Varsity cheer.

The real definition is, a tree of the Malay Archipelago, a Philippines, and nearby areas, which bears yellowish-green flowers used for perfume.

Red Cross News

The Red Cross organization at A.C.S. is working on the formation of a High School Council. This will include grades 7 - 12. These grades will select two representatives to represent them in the Council. The Council is the governing body of the Red Cross and will do things like deciding the projects that the students in Red Cross will work on.

Right now the homemaking department is working on friendship kits. The kits are to be sent to orphans and needy children of South Viet Nam. They are for children age 8 - 12 years. They will be filled with paper, pencils, soap, and many other useful items.

We are also working on our second lap robe. Anyone wishing to help knit squares please contact Mrs. Barber. We will appreciate your help.

Seniors Busy Rehearsing

The auditorium is the scene of many hours of rehearsal for the play "That's My Cousin" to be presented November 5th with permission of the Dramatist Club.

Cast for the play as chosen two weeks ago is: Jean Harvey, Ralph Weber, Robert Joyce, Diana Thorp Deena McCormick, Marcie Mid-daugh, Donna Brown, Steve Bake, Kathy Shellman, Harold Fauzey, Elaine Burch, William Merrick, Bill Green, Debby Dunham, Martha Lynch, Bill Clarke, Ronnie Nevol.

Teachers Attend Conference

Six teachers from A. C. S. attended the one-day social studies

conference in Hornell on Saturday. The teachers from Andover were: Mr. Carlyle Carmody, Miss Doris Church, Miss Joyce Harris, Mrs. Mary Peckham, Mrs. Doris Reil and Mrs. Hilda Vars.

FHA News

This is a notice to anyone who may have brought food exhibits at the Fair Auction. If the food was displayed on a plate or platter would you please return the above to the Home Economics at Andover Central School.

Anyone who is missing a plate or platter, because of exhibiting at the Fair, please check with Miss Goodrich, the Home Economics teacher, at school.
