### We ask Simca owners:

## Why did you trade in your VW for a Simca 1000?

**William Botkin, Columbus, Ohio:** "On impulse, I took one out for a spin. Was delighted with the way it handled. Much better all around, especially on the turnpikes. My wife liked the all-synchro gearbox. Last week, for the 30th time, I taught a VW humiliatee in the traffic light Grand Prix. Simca's heater—which really heats—is a godsend..."

**George Stevens, Martinez, Calif.:** "The VW didn't seem to fill the bill for my wife and me. The 1000 is roomier, easier getting in and out of. The day after we bought it, we took a long trip and couldn't have been more delighted with the comfort or the economy..."

**Mrs. Audrey Stein-Maplewood, N.J.:** "My VW needed a lot of repairs, so naturally the 5-year Simca warranty\* looked awfully good to me..."

**Larry Drake, Pineville, West Va.:** "Extra room, better visibility. It handled better. I've been well satisfied with the change to the 1000..."

**Jack White, Albany, Ohio:** "I had two VWs. Now I have one, plus your Simca 1000. The 1000 rides smoother. And I get better gas mileage from it. With your warranty\* I'm not afraid of an engine bill using up all the money I've saved on gas..."
