

**SUPPLEMENT TO**

**DIRECTIONS FOR VOTING ON THE VOTING MACHINE**

Swing the handle of the Curtain Lever (overhead) around to the right as far as it will go, and leave it there. This will close the curtain around you and unlock the machine for voting.

To vote on the Propositions, Questions or Amendments turn down a pointer over either "Yes" or "No" of each submitted and leave them down.

At the left end of the machine you will find the names of the candidates for Associate Judge Court of Appeals. Turn down the pointer over the name of the candidate you wish to vote for and leave it down.

Keep on in the same manner to the end of the ticket, taking care to turn down a pointer for every office AND LEAVE THEM DOWN

After arranging your ticket (leaving the pointers DOWN over the names of the candidates you wish to vote for) swing the handle of the Curtain Lever to the left as far as it will go, and leave it there. This will register your vote, and return the pointers to their unvoting position, after which it will open the curtain.

**A FEW WORDS OF EXPLANATION**

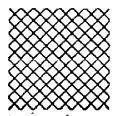

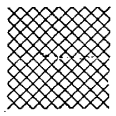

Each candidate's Pointer is located just above his name; turn down the Pointer ABOVE the name of the candidate you vote for.

Leave all Pointers DOWN. (If you push them back you will spoil your vote.) The voting machine will push them back as you swing the handle to go out. No one knows how you have voted when you leave the machine.

As no votes are registered until you move the curtain lever, you can make as many changes as you wish in your ticket. The Curtain Lever is at the Right side. If you pull down the wrong pointer, pull it back in place, and pull down the correct one.

The machine is so arranged that you CANNOT turn down more than the proper number of Pointers for any office. Therefore you cannot spoil your ballot by voting for too many.
