**A TRIBUTE TO BOOKS**

Our nation has many occasions that call for celebration. What is being celebrated this week? One of the things is National Book Week. This is a week when everyone should take time to celebrate books and the advantages books offer in our present day society. Books offer education; each of these being dependent on each other. Books provide education, excitement and relaxation. There is no better companion to relax with than an enjoyable book.

How can we be made to appreciate these books which are so important to modern day life? It is a good thing that the supply of books increases instead of decreases, but if the supply were to vanish people would surely realize their value. Those who have witnessed the fast moving progress books have made over the last few years, no doubt appreciate the books we have today.

Fine literature is now being written by the score by brilliant authors from all over the world. One can easily learn of other countries and of our nation, their problems and how these problems are being solved. Many believe in the motto "Peace Through Understanding", but there is another wise motto to follow — "Peace Through Reading". Think about it.

## Student Council

The first meeting of the Student Council for 1965 and 1966 was held October 29th, with the newly elected President, Donna Brown, presiding over the meeting. The first topic on the agenda was the election of persons to fill the offices of Vice-President, Secretary and Treasurer. The Student Council elected the following students to these offices:

Vice-President, Dick Lang  
 Secretary, Debbie Dunham  
 Treasurer, David Peckham

A permanent finance committee was formed consisting of the following members: Dick Lang, Bill Creene, Elaine Burch, Kathy Gorsuch and Linda Middaugh.

The President introduced to the Council two yearly projects. They are the revision of the Student Council Constitution and the election of Student Council President in the Spring. Donna Brown requested that all members of the Student Council submit ideas to her on the revision of the Constitution.

## The Spy

We'll here we are back at the "old post ready to spill the beans" on various ACS students.

It looks as though one senior girl had a busy week-end. Have fun J. H.?

Several of the A. C. S. students were seen Friday at the football game in Wellsville including J. H., C. J., R. G., K. J., B. C., and R. B. Good game?

J. H. seems to be spending quite a lot of time in Wellsville lately, could the attraction be L. D.?

Something seems to be brewing between K. J. and a certain Jeff B. from Wellsville. How about it Kathy?

Bob W. seems to be spending a lot of time with G. B. Could there be something here?

Well that's about it for this week, but I'll be around next week with more good news.

## Apathy

by Connie Lewis

Apathy presents a problem throughout our country. Our people don't care enough about their government to go to the polls and vote. In New York State, our citizens now growl about their new state tax, but when they had the chance to do something about it—before it was passed—very few took the responsibility to voice their opinions.

Our school, too, has grown apathetic. In our student government, NOTHING is ever accomplished! Why? Well, simply because the members of our Student Council in past years, have gone to meetings (or not gone to meetings) without any good ideas for school management and recreation. They sit around and grin and giggle and think that the whole affair is a big joke. Then, when nothing is accomplished, these people are the first to complain.

Each Student Council representative is responsible to his class or organization. To have a more efficient run system, why doesn't each representative report to Student Council actions periodically and then ask for suggestions for betterment.

In turn, each student is responsible to the Student Council. If for any reason, you are asked to carry out a job in one of the Council activities—SHOW UP AND DO IT!

You are only hurting yourself and your fellow students when you do not. Together, let's clear A. C. S. of it APATHY!
