### Check Your Present Health Insurance

All persons who will be eligible for Medicare benefits under Social Security should keep their present hospital, surgical and medical coverages in force until the new government benefits go into effect. Robert Parkinson, President, and Oakley Baskin, Chairman of the Legislation Committee of the WNY Accident & Health Association emphasized today. The new basic hospital coverage does not become effective until July 1, 1966 and nursing home coverage will not be available until January 1, 1967. A serious illness occurring before those dates could cause great financial hardship if present coverage were not in effect.

Mr. Baskin explained that after Medicare goes into effect and there has been an opportunity to learn more about the government plan, those eligible will be able to decide exactly what coverage they

want to continue. He said they may wish to keep their present insurance or a portion of it. However, if present insurance plans are dropped, the individual may find that he is no longer eligible and cannot be re-insured with his present company.

Many insurance companies are designing new policies which will specifically supplement the Medicare benefits. Present insureds may want to change to the new plan, or may find it advantageous to continue the plans they purchased at a younger age. The choice will be yours if you keep your coverage in force! If you discontinue your present coverage, you may have no choice. Mr. Parkinson released this statement after consultation with the Better Business Bureau of Western New York.

The Better Business Bureau is receiving many calls from the elderly about mail-order promotions of cut-rate insurance offered by out-of-state companies which are not licensed by the New York State Insurance Dept. Most of these policies contain very limited coverage and are of little value. Mr. Baskin said these unlicensed companies are trading on the popularity of the government's new program for the elderly, using misleading names or statements in advertising. If attracted by a mail-order insurance offer that sounds too good to be true, call the Better Business Bureau for a report. Your insurance man can answer questions about your present coverage. The social security office will answer your questions about Medicare.
