Editorial

by Kathy Shellman

On Thanksgiving Day, most of us will sit down before a table covered with many good things to eat. Some of us will pause a minute to thank God for this food, this day, and for the many wonderful things which deserve our thanks.

Even though we'll say thanks many will not speak this thank with their whole heart. It has always been this way for many of us are so used to enjoying good food and pleasures the year through. But this year, undoubtedly many more people will give thanks for this day, this food, and for the peace we enjoy in the United States of America. These families who will show more thanks could be easily chosen for they are the families who have or have had a family member know the terror of war as it is known in Viet Nam. These families know from letters and by hearing how our United States soldiers are not only helping a war torn country escape communistic intervention but they are also helping preserve this peace we know in the United States. The ones who have a less vague knowledge than others of this crisis will no doubt feel more gratitude for our country and for our harmonious government.

Yet some say there is no peace in America with people burning themselves to death, causing riot, bombing churches, and helping to incite many peace disturbing incidents which occur daily. No being an authority on the subject, I cannot give a good explanation as to why these happenings occur, but it is my opinion that those people causing these war protest riots know nothing of the war in Viet Nam and are abusing the freedoms they are entitled to. They can only be thinking of themselves. These are the ones who will not give thanks with their whole hearts because they believe they have nothing to be thankful for. Perhaps they would change their minds if they had to fight the war in Viet Nam or if a war were to take place here. Many never really learn to appreciate a good thing until they are deprived of it.

I'll thank God for being kind to me, for my father and brothers are home safe. Without freedom of speech and press, I wouldn't have been able to write this editorial. I'm thankful I live in the United States.

Toy Drive

The Junior-Senior Red Cross at A.C.S. has just completed plans for a toy drive. All students are asked to look around home for a few "odds and ends" and bring them in to your class representative or Room 223.

At a later date, members will repair and repaint broken or worn toys. These will be distributed by Mrs. Dodge and the County Red Cross Chapter.

Now that each of us has a few days of vacation, why don't we all try to help. Neighbors and friends would probably welcome the chance to rid their homes of their children's old toys. Check with them, and look around at home. Bring all collected toys to school. You will be proud to say that you had a part in giving some deserving child a Merry Christmas.

Senior Interviews

This week the senior to be interviewed is Esther Ann Bird. Esther is the daughter of Mr. and Mrs. Victor Bird. Esther, born on December 5, 1948, has three brothers and three sisters.

During her high school years we find that Esther has majored in business and homemaking. She also has found time to be an active member of FHA, 4 years; GAA 4 years; Library Council, 3 years and Camera Club, 1 year. Many of us also saw Esther in the Junior play.

Among Esther's favorites are: the following: color, blue; book "Gone With The Wind"; food pizza and coke; movie, "Follow That Dream"; and subject, homemaking. Her net peeve is con-ceited people and her philosophy is "The Golden Rule". She is undecided in her plans for next year.

We the students of A.C.S. join together in wishing you, Esther the very best in the future.

On July 14, 1948, Mr. and Mrs. Richard Baker were the proud parents of a baby boy, whom they called Steve. Steve has two brothers, Richard and Michael, and three sisters, Judie, Melinda, and Marsha. Through his years at A. C. S., Steve has majored in agriculture and has been active in FFA for four years, as well as being a Chapter farmer. He has participated for two years in wrestling, one year in track, and played Phil in the Junior play.

His philosophy is "Think not, want not". Some of his favorites are: color, burgandy; book, "Hawaii"; food, roast beef; movie, "Earth"; subject, agriculture, and "Journey to the Center of the Earth"; favorite saying: "See I told you". In the future Steve plans to attend Alfred Ag-Tech.

To you Steve, we wish good luck and best wishes in the future.

On December 7, 1946 Mr. and Mrs. Victor Bird became the parents of a baby boy whom they named Stewart Lynn. Stewart, more commonly called "Stew", has two brothers and four sisters. Throughout high school "Stew" has been active in FFA. This year he holds the office of Treasurer for the local Chapter as well as Reporter for the County Chapter. "Stew" also has participated in track and wrestling. He was the County Champ at 123 lbs., for the season 1964-65. This last October "Stew" was chosen as a member of the N. Y. S. Livestock Judging Team which spent a week in Kansas City.

Among "Stew's" favorites are: color, blue; magazine, "Field and Stream"; food, ham; subject, Agriculture. Outside activities include hunting and exploring.

Good luck in years ahead, Stewart.

His extra curricular activities include Senior Choir, two of soccer and track, one of basketball and two volley ball tournaments. He has also worked behind the scenes at both the Junior and Senior plays.

One of his favorite pastimes is trapping for which he has earned the N.Y.S. Fox Trapping Award. Our guest plans to go into the Air Force in the field of Munition and Weapon Maintenance. He has many favorites which include the song: "I've Got You Babe"; color, blue; food, French Fried Potatoes; book, "Death In The Air"; and saying, "Hey, young one"! His philosophy is, "Life is just a piece of cake so enjoy it while you have it." His pet peeve is people who think they're better than anyone else.

Well, there are all the clues. Do you know our mystery guest now? No? Well he is William George Bixby, the son of Mr. and Mrs. Clifford Bixby.

To you "Bill", A.C.S. wishes all the best in years ahead.

Students Attend Alfred

Forty students from Andover attended the Annual Open House at Alfred on October 27. Any Junior who wanted to go was given the opportunity. Only the Seniors definitely intended on going to school were allowed to go. Everybody attended a lecture given by Professor Kruger in the gym. The subject of his talk was the population explosion and food supplies. After this, we ate lunch.

In the afternoon we were given the opportunity to attend classes, take a tour of the campus, and visit the dorms to get an idea of college life.

Everyone enjoyed the trip and our spirits were not dampened by the rain. We brought back favorable impressions of the school.
