

# PROTECTION FOR THE FREE PRESS!

An Editorial

Governor Rockefeller has just signed the Newsman Protection Bill which gives newsmen the right not to disclose their confidential sources when called before a grand jury.

The Andover News is happy to have been among the first to be consulted when the bill was first envisioned. And The News was happy to have been the first newspaper in the state to recommend to State Legislative leaders that the measure be passed in the Assembly and Senate, all as a part of its campaign to foster and promote Freedom of the Press.

Although the Governor and a Poughkeepsie Assemblyman, Emuel S. Betros, got all the credit, insiders in Albany are referring to the measure as "The Eno Bill."

That name probably will ring a familiar bell to Andover residents, for its author is David Lynch Eno, native of Andover and member of the Lynch clan.

Eno, who started a newsman's career as a paperboy on the streets of Andover, was an investigative reporter who spent most of his time before grand juries who wanted the benefit of his investigation into organized crime, gambling and narcotics.

The Andover native was galled to no end over being asked to name his confidential informants. Usually, he never told just who he got his information from. His lips were holstered just as tight as the .45 automatic he carried.

Now, Eno after a brief stint in the State Correctional system as the No. 6 man, turns up as Majority Press Secretary at the State Assembly in Albany. And he carried to the post the benefits of his knowledge as a newsman. And that included some protection for the Free Press.

Not a bad showing for an Andover boy!

## A Few Grains Of Economic Truth

An Editorial

1. Nothing in our material world is FREE; nothing comes from nowhere or goes nowhere. Everything in modern economic life has a source, a destination and a cost. The cost may be cash, work, sweat, blood or tears.

2. Governments produce nothing. People, produce everything. Ever, thing that Government gives to the people, it first takes from the people.

3. The only sound money that Government can spend is money taxed or borrowed from the peoples' earnings. Other money spent is printing press money, savings and insurance.

A. In our system of society all job security comes from customers. No customers, no sales commissions, no payrolls, no stores, no plants.

B. Plants must plan properly, employees must work properly, salesmen must sell properly — if one of the three fails the others all lose. Job security and profit security, then, are a mutual undertaking.

C. As costs rise, prices rise, unless productivity rise matches that of costs. If productivity doesn't rise we have the same situation that follows the Government printing of unsound money — INFLATION!

Thus, if you are looking for "Something for Nothing", it just isn't there!

THE FREEDOM OF THE PRESS IS BASIC TO ALL YOUR AMERICAN FREEDOMS! Only as your Newspaper is free to print the facts, can you be free to know them. Only as you know the facts, can you act wisely in the best interests of your Community, as you see them. In America, there is plenty of room for opinions. THERE IS NO ROOM FOR RESTRICTIONS ON THE PEOPLE'S RIGHT TO KNOW THE TRUTH!

This may be the year Conservatives have been waiting for.

Indications are beginning to show up that they could be the deciding factor in whether or not Gov. Rockefeller is re-elected in November.

All this, of course, is predicated that there are still enough Conservatives around that remember the original goal of the party — when it split off from the Republican party — was to dump the governor.

Not many may be around because the Conservative party over the years has gone the way of all parties: As its numbers, money and voting strength grow, its ideological and philosophical purity decreases.

Some people are now beginning to suggest that James L. Buckley, the Conservative candidate for U. S. Senate, has a chance of dumping Charles E. Goodell.

Goodell, the Republican-Liberal candidate, may do himself in, in his battle with the Democratic candidate that survives the June 23 primary.

One or the other could draw enough votes to leave Buckley — who got a highly respectable 1.1 million votes in his bid for the job in 1968 — holding the bag.

The same thing could happen in the gubernatorial race.

Miss Vivian Vanderhoef of Greenwood, passed the week-end with her grandmother, Mrs. Mary Bunker.

Miss Kathryn O'Donnell of Andover was a week-end guest of Mr. and Mrs. Charles W. Jordan of Cuba.

D. K. Porter and daughter, Mrs. Earl Bassett of Buffalo, have been guests at the home of Mr. and Mrs. E. A. Richardson this week.

Mr. and Mrs. Melvin Atwell and daughter, Rose of Greenwood and Wilmer Atwell of Alfred, were week-end guests of Mr. and Mrs. Howard Green.

Mrs. Pauline Adams of Duffy Hollow, is passing a few days with her sister, Mrs. Leeman Davis.

Miss Riet Stearns went to Rushford Wednesday to attend the Baptist Association and will visit her parents at Camp Shenawanna before returning home.

Mr. and Mrs. John Joyce have been visiting friends in Buffalo and Arcade for a few days and were accompanied home from Buffalo by Miss Ellen Bassett, Sunday.

Orville Mesler graduated from the Watch and Clock Makers Department of the New York State School at Morrisville, N. Y. Monday. Mr. Mesler expects to leave Sunday for Utica, where he will be employed by the Onondaga Watch Co.

Forty friends and neighbors gathered at the home of Henry Horah on Chestnut Street Wednesday evening, where they enjoyed a tureen supper and social time in honor of the 86th birthday of Mr. Horan and a farewell party for Mr. and Mrs. H. W. Coryell and family who are moving to Fayetteville, Friday.

Paul Adams, the Conservative candidate, is expected by a number of experts to get anywhere from 700,000 to 1 million votes this November.

That isn't enough to win — but it is quite enough to deny victory to Rockefeller.

Roosevelt got less than that on the Liberal line in 1966 and it was the difference between winning and losing for Frank O'Connor — who lost, of course.

An indication of the growth of the party is the fact that this year no less than 65 Republican candidates for the state Senate and Assembly are also endorsed by the Conservative party.

Last year it was 50. More than half of those races will be pivotal, meaning, if the Republican wins he will owe it to the votes he got on the Conservative line.

And, of course, Republican Assembly Speaker Perry B. Durvea, Jr. — and by extension Rockefeller — owed his power to the three Conservatives in the Assembly this year. Without them theoretically Republican legislation would not have been able to pass.

I say theoretically, because if that had been the case, Republicans still would have gotten their legislation. They would have gone over to the other side of the aisle looking for Democratic votes.
