

LETTERS TO THE EDITOR

To The Editor:

It is quite inevitable that work on rural roads in this township is getting so scarce. It seems too bad that this work has to be done by landowners furnishing the equipment as well as labor while there is so little hesitation when it comes to raising taxes. However, the work has to be done in order to keep ones car from entirely falling apart while travelling the washboard to and from the jobs they have to have to pay these taxes.

It seems that some of the road work has been pushed aside for over two years now. When approaching certain post positions about it, have had the reply "there are no funds available". What in the world is happening to the funds? And one could sure tell by looking around a little and not at the roads either.

It seems hard to believe that roads traveled very little have to be replaced with our precious money while we are getting conveniences of school buses, mailmen, etc., and they are expected to travel under such road conditions.

Now that tax time is here again, this matter is making it hard to pay them without second thoughts. Interested and Prompt Taxpayers in the Andover Township

"Letter to the Editor"

It's about time we recognized an Andover industry for the civic service it has done. That industry is Joyce Pipeline. They have given their help to Seneca Council Boy Scouts, the young ballplayers of Andover, and the Steuben Area Council, to name a few.

If other companies and persons would do likewise, it would be another step forward for mankind. Enclosed is a copy of a letter to them.

Congratulations to the whole Village on the outstanding Fourth of July Celebration. Residents of Andover can, and should, be proud. Thank you
Bill Childs

Gentlemen:

Thank you for the recent use of a truck in opening up our Scout Camp.

Our ability to serve boys and young men depends upon the willingness of others to help. You and your company have shown this willingness many times.

We appreciate your help and value your friendship. Again, thank you.

Sincerely,
William G. Childs
District Executive

News That's Print To Fit

Well folks, we hope that things are beginning to get back to normal so will begin to fire a few lines of local interest at Y'all.

We had hoped to be able to round up the last of the pictures of the Fourth of July Celebration — but it seems that our old friend The Roving Photographer, has had so many "irons in the fire" that he hasn't been able to come up with the last of the photos.

So, in lieu of, we will cover a few things on the Celebration — and then start in on new business.

We understand that Howard was really "pleased as Punch" with the honor of having been selected as "Parade Marshal" for the Parade, and is deeply appreciative of the honor bestowed upon him by members of the Committee and everyone else that had a hand in it.

And, from our standpoint of view, Howard — it couldn't have happened to a nicer "feller". 10-4?

Then too, judging from several reports that have trickled in, we guess that many people had "a high old time" during and after the Celebration.

Yep, according to the "underground", there was lots of water (fire-water, that is) flowing around at parties interspersed with raw tiger meat, or maybe even lions (meat) — judging from some of the roaring that went on. And, that there was more "fire-works" — after the "fireworks display" — only the former were supervised by a mediator — other than the Firemen. How about that?

In one of the "Letters to the Editor" in this week's News Issue, a good point is brought out that we have noticed and been aware of for a long time. And, in so many instances, it takes some one from "out of town" to recognize some of the many services that a few of our local Citizens and Businessmen do — without getting any credit for.

We have never approached local Joyce Pipeline Officials for support of Civic Programs without receiving their utmost cooperation, financial aid and assistance. In fact they have been more than generous with their donations, and the loaning of their equipment.

Thus, it was with a great deal of pleasure and satisfaction that we were able to print this letter from one of the Boy Scout Executives.

And along the same lines. Do you know who it is that has been keeping the Legion Park looking so neat and well-mowed all summer?

Well, we understand that Everett "Abe" Davis and Jack Wheaton, two of our local Legionnaires came up with — and have been operating under a mutual agreement pact.

Yep, Abe has been taking care of the bulk of the mowing with his big riding mower, and Jack has been doing the trimming around trees and edges with his smaller mower — with both of them donating their time as a public service — for free. Nice work lads! Keep up the good work.

On current Village affairs: We note that the water line construction job on Grove St., has been completed and understand that the cost is estimated to have been around \$18,000 for the project.

We also notice that the Village Crew will be picking up BRUSH — TREE LIMBS — & SHRUBS the first week of every month. However, it is specially noted that NO items of FURNITURE or GARBAGE — is to be included in "the pick-up".

Redwings Win Two, Take Over First Place

Last Saturday, Pete Lauzze allowed Fillmore just 4 hits as the Redwings beat Fillmore 10 to 2.

Big hitters for the Redwings were Dave Hallowell with 3 hits and Steve Lewis, Milt VanHagn and Pete Lauzze each with 2 hits apiece.

Last Sunday, the Redwings traveled to Franklinville to beat the First Place Frankies 7 - 4 and took over First Place!

Lloyd Fourroux was the winning pitcher allowing only 3 hits and striking out 11 Frankies. Fourroux aided his own cause with a tremendous homer over the center field fence. The Redwings were guilty of probably paying their worst defensive game of the year as they committed 8 errors. But even with 8 errors the Redwings outclassed the Frankies to win easily.

This week-end the Redwings play their last 2 games — both important ones as they need to win both to capture First Place!

On Sat. the Redwings travel to Shinglehouse and on Sunday Rushford will be here for the last regular season game!

We hope to see all our fans at these games! Thank you — Redwings.
