

## GREENWOOD NEWS

Grace Young, Reporter

Mr. and Mrs. Ernest Kinner of the Christian Hollow Road and his sister, Mr. and Mrs. Milton Tuttle of Savona, were co-hosts last Sunday afternoon at an Open House to honor the 60th wedding anniversary of their parents, Mr. and Mrs. Charles Kinner. The observance was held at the family home at Adrian.

Mrs. Jennie Hall Kinner and Charles Kinner were married July 24, 1910 in South Canisteo by the Rev. Gunther. Their attendants were the late Mr. and Mrs. Ernest VanSiver of Canisteo. Mrs. Kinner is the daughter of the late Mr. and Mrs. A. Mandon Hall and worked fourteen years in the Canisteo Silk Mill. Her husband is the son of the late Mr. and Mrs. Lacy Kinner. He was employed for thirty-six years by the former Erie Railroad in Maintenance of Ways Department. He retired in 1955. They are parents of seven children, fourteen grandchildren and twelve great-grandchildren.

Refreshments were served to approximately fifty friends and relatives from Greenwood, Savona, Canisteo, Ardan and Hornell. Mrs. Ernest Kinner presided at the punch bowl and Mrs. Doris Hornell, sister-in-law, cut and served the four-tiered anniversary cake made by Mrs. Alice Kernan of Greenwood. The honored couple received many gifts, flowers and money.

Mrs. Joyce Demsey and daughter, Peggy, have moved their trailer home from the Ward Woodward farm up Christian Hollow on the Merle Greene farm on a slope by Nolans.

The Redmond-Miller families met at the West Greenwood Grange Hall Sunday for the annual reunion. There were forty people present from as far as California and Wilmington, Delaware, also Buffalo, Rochester, Fairport, Romulus, Elmira Heights, Canisteo, Andover, Jasper, Rexville and Greenwood. Mrs. Leonard Hollenbeck, Historian, gave an interesting report. Officers for next year are:

Redmond Goodno, Buffalo, President

Kenneth Miller of Rochester, Vice President

Mrs. Erma Burns of Bath, Secretary

Mrs. Margaret Hollenbeck of Jasper, Historian

The reunion will be held at the same place the first Sunday in August 1971.

Mr. and Mrs. Clarence Stephens and Mr. and Mrs. Laverne Stephens helped Mr. and Mrs. David Wariner and family move last week from the farm in Whitesville to a home in Canaseraga.

Mrs. Virgil Streeter returned home Saturday from two weeks with her son and family, Mr. and Mrs. Robert Streeter of Springfield, Ill.

Mr. and Mrs. Clarence Woodworth left last week to visit their daughter and family, Mr. and Mrs. Edward Cheeley at Klamath Falls, Oregon.

Mr. and Mrs. Ronald Edington returned home Sunday from a three weeks trip to the West Coast visiting aunts in Indiana and Nevada. They spent about a week in California and a day in Mexico.

Greenwood and Canisteo Legion Auxiliaries were hosts for a Noon picnic for a section of forty-five men at the Bath V. A. in the new Pavilion Wednesday. Greenwood members who worked were Mrs. Joan Driscoll, President; Mrs. Bernice Osmin, Mrs. Ethel Cook, Miss Winona Cook and Junior member, Debbie Cook.

Virgil Hussey was guest speaker Sunday at the United Methodist Churches at Troupsburg and South Canisteo. Mrs. Hussey accompanied her husband.

Mrs. Daniel Redmond and Mrs. Lynn Redmond of Hornell, were hostesses at the Dan Redmond home on West Greenwood, Monday afternoon for a shower in honor of the fiancé of Wayne Wariner. They will be married August 20 in

Washington, D. C.

Mr. and Mrs. Gerald Greene. Miss Sandra Greene and Mrs. Lawrence Greene left Saturday for a vacation at Seneca Lake.

David Hawkins, son of Mr. and Mrs. Nelson Hawkins of Bath, spent several days last week with his aunt and uncle, Mr. and Mrs. William Schwartz.

Mr. and Mrs. George R. Hussey of Frewsburg, called on his uncle and aunt, Mr. and Mrs. Virgil Hussey Sunday evening. They were camping at Stony Brook Park.

Mrs. Jennie White and Mrs. Grace Woodworth called on Mr. and Mrs. Gordon Pease Sunday afternoon.

Mr. and Mrs. Lynn Vanderhoeve have a new grandson, born Wednesday, July 29, 1970 at the St. James Mercy Hospital in Hornell, to Mr. and Mrs. Royce Vanderhoeve of Canisteo.

Franklyn Krusen contracted Pneumonia following his surgery at the Bethesda Hospital.

Mrs. Dorothy Puffer of Alfred, visited her sister, Mrs. Bernice Osmin, Tuesday.

Mrs. Lillian Hawks of Almond, employed at the First State Bank in Canisteo, was a substitute at the Greenwood Office, Tuesday.

Miss Starla Jackson completed her summer course at Mansfield State University College Music Camp on Friday, Saturday Mr. and Mrs. Walter Jackson, Miss Starla Jackson and Mrs. Pamela Holt, started for a two weeks vacation at Myrtle Beach, South Carolina.

Wednesday Mrs. John Tropman and daughter, Alice, left for their home at Raleigh, North Carolina after spending the month of July with her parents, Mr. and Mrs. William McDonough and her sister, Mrs. Dan Canty of Belmont.

Thursday Mr. and Mrs. Jack McDonough and daughter, Carrie started for their home at Orlando, Florida, after a five day visit with his parents, Mr. and Mrs. William McDonough. Mrs. Dan Canty of Belmont and son, Daniel Canty of Buffalo, called at the McDonough home Wednesday evening.

Mr. and Mrs. Alvin Teribury called on his brother, Mr. and Mrs. Harry Teribury Wednesday afternoon.

Miss Beverly Spencer went to Bath last Monday and was an overnight guest of Miss Karen Hero.

Mrs. John Harrison is a medical patient in the Jones Memorial Hospital in Wellsville.

Mr. and Mrs. Wallie Glacier and son of Dunkirk, were week-end guests of her parents, Mr. and Mrs. James Murphy and brought her sister, Kelly Murphy home after a week's visit. The Murphys and Glaciers attended the Meehan-O'Brien wedding at Rexville Saturday morning and reception in Canisteo.

Mrs. Stanley Murray spent last week at Ransomville with her mother-in-law, Mrs. Fred Hillman and husband who was just home from the hospital. Stanley took her up on Friday and returned the next week-end to bring her home.

Mr. and Mrs. George Puffer and Mr. and Mrs. Thomas Hughes and family of Canisteo, spent Sunday afternoon with Mrs. Bernice Osmin. Mrs. Puffer had two granddaughters of Waterville, daughters of the Clifford Shermans.

Miss Ruby Tyler and Mrs. William Harkenrider of Hornell, called on Mr. and Mrs. James Shaut and Miss Sabrey Stephens, Sunday.

Bert VanWile of Canisteo, called on Mr. and Mrs. M. D. Rogers and son, Jerome and Mr. and Mrs. William McDonough last Sunday

Mr. and Mrs. Rush Huyler of Woodhull were also callers at the McDonough home.

Mrs. Lena Turner and Mr. and Mrs. Wallie Glacier and son of Dunkirk, were Sunday dinner guests of Mr. and Mrs. Alton York.

### All E Bonds Earn Interest None Has Reached "Final" Maturity

"All outstanding E Bonds are still drawing interest regardless of age — none has reached 'final' maturity", Crocker Nevins, Chairman and President, Marine Midland Grace Trust Company and volunteer New York State Savings Bonds Chairman, said today.

Mr. Nevins made the statement because of wide public misunderstanding of terms and conditions of U. S. Savings Bonds.

"E Bonds now being issued have a maturity of 5 years, 10 months, with an automatic 10 year extension," Mr. Nevins said. "Older E Bonds — with original maturities ranging from 7 to 10 years — have been granted one or more 10 year extensions so no E Bond has reached 'final' maturity and they continue to earn interest."

The current rate is 5 percent, if held to maturity. Yield is 4.01 percent the first year; thereafter 5.20 percent to maturity. Older bonds earn at the new 5-percent rate, beginning with the first semi-annual interest period starting on or after June 1, 1969, if held to maturity or extended maturity.

"Many holders of older Bonds don't realize how their value has appreciated," Mr. Nevins said. "For example, a \$100 Bond bought for \$75 in July 1941, is now worth \$191.64."

"A prime feature of Savings Bonds is their tax advantages. Interest is exempt from all state or local income or personal property taxes. It is subject to Federal income tax, but the tax may be deferred until Bonds are cashed, making possible creation of 'Tax-Break' retirement and tax-free education funds."

### Notice To Bidders

The Board of Education of Andover Central School requests bids for supplying Ice Cream for the school Cafeteria for the school year 1970 - 71.

Ice Cream to be delivered in 3-oz., or 3 1/2-oz., cups and shall contain as a minimum 12% butter fat, 11% serum solids, 15% sugar and total solids of 38 1/2%. Deliveries to be made three times weekly.

Bids shall be delivered sealed to the Principal's office not later than Noon Monday, August 10, 1970 E.D.S.T.

The successful bidder will be expected to furnish a Kelvinator 32S.

The Board of Education reserves the right to reject any or all bids.

Signed — Mary K. Slade Clerk, Andover Central School Dist. No. 1, Andover, N. Y.

SYRACUSE, N. Y. 13203

(EIGHTH IN A SERIES)

The presence of fine sawdust beside a house timber, pole, or tree may indicate that carpenter ants are at work. The life cycle and habits of the insect are described in a revised leaflet prepared by Dr. Howard C. Miller and Dr. John B. Simeone, forest entomologists at the State University College of Forestry at Syracuse University.

Carpenter ants can be destructive pests when found in homes as they can cause damage to porches, roofing and areas near kitchens and bathrooms where water from leakage or condensation may be absorbed by wood. Although thought of as beneficial in the forest in their role of destroying decaying stumps and other wood debris, the insect can also damage living trees by tunneling through the wood.

(NINTH IN A SERIES)

The birch leaf miner is a common insect that causes widespread damage to birch trees. The pest in first larval stage tunnels inside the leaf between the upper and lower surfaces and "mines" the tissues, causing the leaves to discolor or to appear translucent and blistered, say the experts at the State University College of Forestry at Syracuse University. Birch trees may be attacked from top to bottom, but usually the top is most affected.

According to Dr. Howard C. Miller, a tree pest and disease specialist at the College of Forestry, the pest can ruin a tree's ornamental value. Repeated attacks by successive generations of the insect may weaken trees to the point of their being susceptible to attack by other insects or diseases which may kill the trees.

In the newly revised publication "Birch Leaf Miner" offered by the Forestry College, Dr. Miller advises

Carpenter ants are most active during warm months. The large black ants are often mistaken for termites, which are white or dark brown and do not have constricted waists. Ants do have constricted waists.

Damage to buildings may be minimized by keeping the wood dry and by utilizing construction which permits wood to shed water quickly and to dry easily. Avoid placing wood in contact with the ground, and provide adequate ventilation in damp areas.

Chemical control recommendations include Chlordane 5% dust or 2% solution in kerosene, and ground Derris powder 4% rotenone applied as a dust.

For a free copy of "Carpenter Ants", send a postcard to Publications, College of Forestry, Syracuse University, New York 13210.

es that symptoms of the insect's presence include tell-tale "road-map" windings or blisters on the leaves. The tiny, light-colored and slightly flattened larvae may be seen feeding inside the leaf when held to the light. Fully grown, the larvae are about one quarter of an inch long. The adult insect is a small, black sawfly about 1/8-inch long which emerges from the ground in the spring and causes no noticeable damage during its short life.

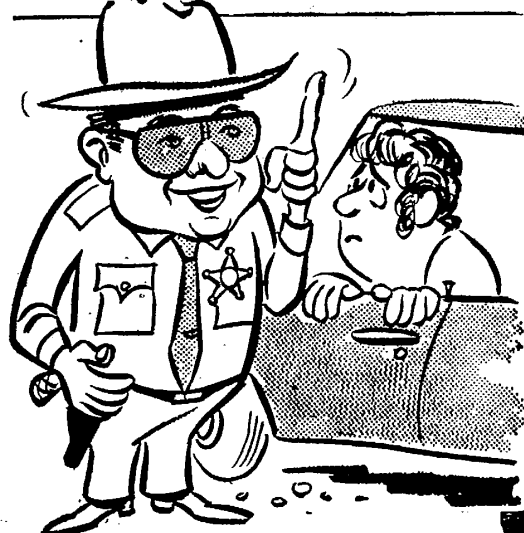

Proper tree care includes the use of leaf mulch and fertilizer in maintaining a healthy tree as a measure against insect infestation. Sevin or Malathion may be used as a means of effective chemical control of birch leaf miners.

If you suspect that your birch trees have birch leaf miners, send for the free publication "Birch Leaf Miner" to Publications, College of Forestry, Syracuse University, New York 13210.

### ON STREET RACING

## A SAFETY MESSAGE

from Dodge's TV "Sheriff" JOE HIGGINS

Look heah, boy, racin' at the traffic light ain't only unsafe and agin the law like I been tellin' ya, it's kinda dumb.

Screechin' those tires and roarin' the engine shows ya got no respect for other drivers, pedestrians, or that fine bit of machinery you're drivin'.

Shows ya ain't got much brains, neither.

Takin' a "hole shot"—that's racin' talk if ya don't know it for jumpin' away from the light before the other fella—puts a big strain on the engine, transmission, differential, tires and the wallet.

Ya must have a lotta money if you can play those kinda games.

Treat that shiny car with respect and it'll last a long time and give you a heap of pleasure.

Ya'll drive careful now, heah!
