

## THANKSGIVING

Thankful hearts... happy  
families... services in  
the church of your choice  
... all these are a part  
of Thanksgiving. May  
your holiday hold  
many blessings.

### Redwings Down Faculty 125 to 105

The Andover Redwing "Baseball Players" downed the Andover Faculty last Friday night by a score of 125 to 105. The high scorer of the night was Coach John Hewes with 37 points. Other big scorers for the faculty were Mike Brace with 20, Paul Fuller and Frank Russell with 16 points apiece. The Redwings were led by solid scoring from all starters — with Dick Joyce high with 27 points. Followed by Lloyd Fourroux with 24, Milt VonHagn with 23, Wally Amphlett with 20, Neil Graves with 19 and John Jamison with 11. This was a very exciting and high scoring contest with the faculty leading by 9 points after the first quarter. Then the Redwings moved out of their zone into man-for-man defense and broke the game open — with big 2nd and 3rd quarters, mostly on tight defense and fast breaks.

Dick Joyce kept the crowd cheering with some beautiful moves and Lloyd Fourroux had the crowd roaring with a fantastic hook shot.

The Redwings controlled the boards with Milt VonHagn seeming to be all over the place with his defensive moves — blocking shots and leading fast breaks. Coach Hewes put on quite a show in the last quarter with shots from all over the court. Mike Brace had a great game with shots from the corner and fine moves. Lloyd Fourroux, the Redwing's ace pitcher, had quite a big cheering section and he didn't disappoint his fans who came to see him in action.

The Redwings wish to thank Mr. Kessler, Coach Hewes, the scorers, ticket sellers and all the fans who came to this game. Special thanks has to go to Bob Baker, who had the hardest job of the night — refereeing this contest. Bob did a tremendous job keeping this game under control and moving along by himself. Thanks again.

NOTE: The talk around is that the faculty is seeking a rematch. They say this time they will run the "feathers" off the Redwings. The Redwings hope that they will be able to arrange this rematch.

### Hospital Notes

Mrs. Jane Sisson, a surgical patient in the St. James Mercy Hospital returned to her home Tuesday.

Mrs. Fay Brown, a surgical patient in the Robert Packer Hospital, Sayre, Pa., has returned to her home.

### New Arrivals

Mr. and Mrs. Jack Swarthout (Janet Lang) of Pinellas Park, Fla., are parents of a daughter, Theresa Lynn, born Tuesday, November 10, 1970. Mr. and Mrs. William Lang are the maternal grandparents.

### Golden Agers Meet

The Andover Golden Age Club met on Monday, November 23, in the First Presbyterian Church with 38 members in attendance.

A turkey dinner was served at noon. Tables were decorated with a Thanksgiving theme and corsages presented to four members observing birthdays in November. Mr. and Mrs. Clifford Burdick were also honored in observance of their 53rd wedding anniversary. Birthday cakes were served with ice cream, donated by the Wellsville Farmer's Market.

Following the dinner and business meeting, Miss Nancy Alden entertained the group with a dance routine. Chocolates were donated for a treat by Rot. Allen.

The group voted to hold only one meeting in the month of December and the designated date was December 7 in the Presbyterian Church. Kitchen committee will consist of names Y. W.

### News That's Print To Fit

Well Folks, the law of averages finally caught up with us and after a real long prolonged fall, winter finally caught up with us. However, we were fortunate that we didn't get the large fall of snow that was dumped in on the Buffalo area.

Thru the courtesy of the "Boys down at the Pump Station", here are the recorded Lows and Highs since Nov. 18th: 18th—L 23, H 40; 19th—L 28, H 52; 20th—L 29, H 43; 21st—L 27, H 41; 22nd—L 25, H 51; 23rd—L 19, H 37; 24th—L 11, H 22; and today, the 25th—L 12, H 18. Actually our cooler nights started on the 14th with a low of 31, and it has been freezing every night — but warmed up every day until yesterday.

And, of course with the small amount of snow yesterday, came the first rash of auto accidents to start out the winter season. Ironically enough, we had our "tailfeathers" clipped Monday afternoon before the Streets were slippery — in fact, we were just sitting still waiting for traffic to clear up on Main St. when it happened. Yep, they can talk all they want to about "driving defensively" — but when you are stopped and see someone coming at you — well, it takes a little doing to get out of their way completely. As it was, if our car had been one foot shorter, or if we had a few more horsepower under the hood — we still would have made it. Luckily no one was hurt, although the other driver did receive a gift from the State Police — like three summonses which included DWI, and was even eligible for the fourth,

namely, leaving the scene of an accident.

However, justice was meted out without any fuss, and perhaps after walking for sixty days the lesson will have been learned.

Now, for a comment or two on the recent election; that we haven't had a chance to make.

In all of the post-election comments in the Newspapers, on TV, and over the Radio — we haven't heard one word about one of the factors that we believe played an important part in the defeat of several Senators.

What one thing did Senators Goodell, (N.Y.); Tydings, (Md.); and Gore, (Ky.); have in common? Yep all three were leaders in the national "anti-gun" crusade. Not to mention Senator Dodd who had scandal problems as well. All four, of these Senators were proponents to: "Register All Firearms" — and all four are out on their ear! How about that? For all of you Sportsmen that claimed that it wouldn't do any good to fight — well, let's hope that you will "take heart"—and even put a little more "starch in your spine" 10-4?

### UPW To Hold Annual Christmas Party Dec. 8

The Annual UPW Christmas Party will be held on Tuesday, December 8, at 6:30 p. m. in the Church dining room. The committee in charge of dinner will be members A - L. No collection will be taken. Husbands are invited.

Rev. Minarcik will show slides of his Summer Mission Study at Ghost Ranch, New Mexico. Gifts will be provided for the Sunday School Christmas Tree.

This is the scene that greeted members of the Andover Fire Department when they arrived at Ed Van Stine's "Valhalla Game Farm", early Tuesday afternoon. Flames can be seen shooting high in the air at the right of the barn from a large gasoline tank located above the ground which was almost full.

Despite the fact that a brisk West wind was blowing directly towards a large barn in the background, Firemen were able to wet it down and prevent it from catching fire. In addition to the loss of an amount of hay and straw stored in the barn, and a 6-wheel land rover vehicle, two riding horses were unable to be rescued and perished in the fire.

Fire Departments from Greenwood and Alfred Station also responded with their tankers to assist.
