News That's Print To Fit

Well Folks, in driving around "Ye Olde Home Towne" Christmas Eve, and judging from all of the beautifully decorated homes, a lot of our residents sure had "The Christmas Spirit". In fact it would be very difficult to say which Street was the most outstanding.

As far as individually decorated home is concerned, we came up with three that we believed were really outstanding. Up in back of Rochambeau Avenue, the home of Kenneth Tidd; Franny Horan's on High Street; and Glyde Yorton's on Chestnut Street were all so beautiful and in taste with the season that we just couldn't say which was better or best. And, as far as business places on Main St., is concerned, the window in The Citizens National Bank and Trust Co. was really a work of art — and as a matter of slightly biased opinion — we thought that the South end of the business section outshone the North end. (And when we get our light bill this coming month — we will tell you how much our effort in keeping our lights lit up all the time cost us for our Christmas Spirit!)
