JUNIOR PLAY
by Judy Bliss

As opening night approaches for the juniors involved in the class play, we find all class members hard at work whether it be an actor or a stage hand. This year the juniors are presenting two short plays, a serious, suspenseful play, "Dracula", and a humorous melodrama, "The Mail Must Go Through". Both of these plays were written by Ed Schwartz, a friend of our director. Having seen both these plays on stage, our director, Mr. Mark Copp, with his wife, Mrs. Karen Copp, is really working hard to make these plays the best ever presented by a high school class at Andover. The cast is working industriously every night rehearsing. The class is also spending much of their spare time working on the scenery. Don't miss out on all the fun. Make it a point to be at the school gym at 8:00 p. m. Saturday!

Andover Student Represents County

Robert Hyland, a freshman at Andover Central School, will represent Allegany County Red Cross Youth this week-end at the Youth Leadership Conference for the Rochester Regional Division of Red Cross Chapters. The Conference, which will be held at the Sheraton Inn at Canandaigua, New York, will begin Friday, April 13, at 5 o'clock and continue until Sunday, April 15 at 3 o'clock. It offers a unique group experience which can help prepare delegates to play leading roles in service activities of their chapters, schools and communities as they engage small group discussions, as well as total group meetings of eighty students, discussing the dynamics of communication, working with groups, team formation and operation, project planning, recruitment of volunteers and publicity.

Senior Interview

by Barb Leonard

Have you ever looked for smiles in a crowd? If you have, you'll know that there is one that really stands out. This special smile belongs to Neila Potter, the daughter of Mr. and Mrs. Neil Potter. She has one brother, Randy. Neila's very active life began on February 6, 1955 and now, here at A.C.S. she has been majoring in Spanish, science and of course music. Neila has been very busy in the field of music by participating in Senior Band, Dance Band, and Pep Band — six years; All-County Band — five years, Area All-State Band — one year, All State Band — one year, and Choir — three years. She was also the proud recipient of the All-County Award for Band in her junior year. Another field of great importance to her is sports. She has been a member of the girls' soccer, basketball and softball teams for four years. She is also treasurer of the GAA this year. Some of her other activities include Hi-Herald, three years and National Honor Society, three years. Neila played the part of Happy Stella in the Junior Play and Miss Severson a Swedish housekeeper in the Senior Play. Neila plans to pursue music as her career. She has been accepted at Ithaca College, Western Kentucky University and Fredonia. All of us wish you the very best of luck and this wish will always be with you wherever you may decide to go.

Pantherettes

by Priscilla Billings

The Girls' Volleyball Team played the Greenwood Team, April 3, in an exciting and fun-filled journey. After being divided into two teams, Andover's first team won both of their games, while the second team met defeat in both games.

There was a final game of winners and losers and even with the Pantherettes great efforts they lost once more. The Pantherettes played well and we congratulate them on their efforts, with only a couple days practice. Congratulations!

FISHING YOUR HANG UP?

If you are a resident of New York State veteran with at least 40% VA rated service-connected disabilities you may get yourself a free fishing license. Then head for your favorite fishing spot, and try your luck. There are others who may fish the State's waters without paying a fee. Servicemen, for instance, if you're a New York State serviceman stationed outside of the State you may fish without a license within the State provided you're on leave for no longer than 30 days and carry your official leave papers and service ID tags with you. Or, if you're a patient at a VA hospital within the State you too may fish without a license. All you need is your hospital leave papers and other proper identification. With this free fishing privilege, however, goes the responsibility of following the rules and regulations concerning when, where and what type of fish you catch, as well as the daily allowable catch. Want more information about it? Contact your local counseling center of the New York State Division of Veterans' Affairs. It's located at the Municipal Bldg., Wellsville, N. Y., on Tuesdays, and at the City Bldg., 108 Broadway, Hornell, N. Y., on Mondays, Thursdays and Fridays.

LIVING UNDER LAW

PAYMENTS FOR PAIN?

Under the federal Social Security Act, even though you have not yet reached the age of 65, you may collect monthly benefits if you are too "disabled" to work.

You can usually qualify for these benefits after a waiting period if you have a major illness or physical handicap. As a rule, both of these are considered disabling.

But suppose your only disability is pain. Must you grit your teeth and continue to work, or may you stay at home and expect a government check?

In the first place, since pain is hard to measure, the law takes a close look at the surrounding circumstances to decide just how bad your pain really is. Consider this case:

A telephone operator tried to collect disability benefits on the ground that a pelvic injury had left her in pain. However, in a court hearing, the government pointed out that the pain was not bad enough to keep the woman from doing the usual household chores without wearing any kind of supporting garment. The court turned down her claim, saying the evidence simply did not add up to a pain that was truly disabling.

Furthermore, pain that would keep you from doing heavy physical labor may not qualify you as disabled if you are trained to do less strenuous work.

Thus, a market manager was denied disability benefits even though he was having back trouble. The court said his skills in management, being mainly mental, could be put to good use without any great physical distress.
