FLY THE FLAG!

Guest Editorial

Hello remember me? Some people call me Old Glory; others call me Stars and Stripes; and I have been referred to as the Star Spangled Banner. But whatever they call me, I am your Flag or as I proudly state, the Flag of the United States of America.

There is something that has been bothering me, so

I thought I might talk it over with you.

I remember sometime ago — on a Memorial Day people were lined up on both sides of the street to watch the parade. The town's high school band was behind me and naturally, I was leading the parade. When your Daddy saw me coming along, waving in the breeze, he immediately removed his hat and placed it against his left shoulder so that his hand was directly over his heart.

And you — I remember you. Standing there as straight as a soldier, you didn't have any hat but you were giving the right salute. They taught you in school to place your right hand over your heart. I remember little sister — who was not to be outdone. She was

saluting the same way as you.

I was very proud as I came down your street. There were some soldiers home on leave and they were standing at attention giving the military salute. Ladies, as well as men, all paying me the reverence that I

Now I may sound as if I am a little conceited. Well, I am. I have to be, because I represent the finest country in the world, the United States of America. More than one aggressive nation has tried to haul me down, but they all felt the fury of this freedom-loving

country. You had to go overseas and defend me.
What happened? I'm still the same old Flag. Oh, I have a couple more stars added since you were a boy. A lot of blood has been shed since that Memorial Day so long ago. Dad is gone now. The old town has a new look. The last time I came down your street I saw that the old landmarks were gone, but in their places shining majestically in the sun, were a number of new buildings and homes. Yes sir, the old town sure has changed. But now I don't feel so proud as I used to. When I come down your street, you just stand there with your hands in your pockets and give me a small glance and then look the other way. When I think of all the places I have been, Omaha Beach. Anzio, Guadalcanal, Korea — and Vietnam. Then I see the children running around shouting. They don't seem to know who I am. I saw one man take off his hat and then look around. He didn't see anybody else with his off so he quickly put his back on.

Is it a sin to be patriotic anymore? Have you forgotten what I stand for? Have you forgotten all the battlefields where men fought and died to keep this nation FREE? When you salute me, you are actually saluting them. Take a look at the Memorial Honor Rolls sometime; look at the names of those who never came back. Some of them were friends or relatives of yours. You probably went to school with some of them; that's what you're saluting, not me:

Well, it won't be long until I'll be coming down vour street again. So when you see me, stand straight. place your hand over your heart and you'll really see me, waving back — my salute to you. And I'll know that you'll remember.

A "DOG-GONE" Good Question! An Editorial

Last week, May 6-12, was celebrated nationally as a "Be Kind To Animals Week" sponsored by the American Humane Association.

What we ask is: "Why not have a Take Care of Animals Week" — 52 weeks of the year, starting with

dog owners?

After watching a lady emerge from the local Bank last week with her small dog on a leash, only to be confronted by a pack of five snarling, snapping dogs of all sizes — well, we think it is about time for some one to enforce the regulations that are in effect here in Allegany County.

As a reminder to all Dog Owners — the rabies Certification for Allegany County is still in effect as well as the regular night Quarantine on dogs.

With all of the dogs running wild here in Andover both day — and night, we want to know why these laws can't be, and aren't being enforced?
