**WHAT'S THE DIFFERENCE?**

When it comes to pension and compensation there is a difference. Compensation is paid to a veteran to help compensate him for service-incurred injuries. On the other hand, pension is paid to permanently and totally disabled veterans for disabilities not traceable to war-time service. Both may be payable to veterans survivors. However, pensions, which are based on financial need, may be paid only if income does not exceed established income limitations.

**STATE VETERAN COUNSELING CENTERS** are open daily from 9:00 A. M. until 5 P. M. to assist veterans, servicemen, and their families. Stop in to see your local State Veteran Counselor — he's "at your service."

**CONVENIENT THAT'S WHAT IT IS** to have a veteran's pension, compensation, or other benefit check mailed directly to a bank for deposit. It's great for someone who may be away from home often, or hospitalized for a lengthy period. And for the elderly or disabled in some areas it eliminates a sometimes tiresome trip to and from the bank, or the need to find someone reliable to make the trip for them. In addition to being convenient it's also an excellent way of safeguarding incoming benefit checks against possible theft from the mailbox. There's nothing complicated about making the arrangements for direct deposit. A State Veteran Counselor at the local counseling center of the New York State division of Veterans' Affairs has the details. Contact him at the counseling center located at the Municipal Bldg., Wellsville, N. Y., on Tuesdays, and at the City Bldg., 108 Broadway, Hornell, N. Y., on Mondays, Wednesdays, Thursdays and Fridays.

**Holland - Perry Speedway News**

Holland, N. Y. — With the United Speedway Associates Inc. (USA) tracks NASCAR division mid-season championships completed, the management of Holland International and Perry Motor Speedway now offer their loyal race fans many deserving benefits from their support as a parallel to USA competitor benefits.

Holland International Speedway has scheduled this Saturday evening, August 11th, as Genesee "double point" night at the 3/8 mile high banked paved oval. This is in accordance with the 1973 Genesee beer championship trail, which will award the state's top track racing car drivers with \$10,000 awards for the third consecutive year. The point season payoff will again be according to a point system established and administered by the N.Y.S. Awards Committee.

More lucrative events are included in the Holland International Speedway stock car racing for '73, including the Permatex Company's \$100,000 NASCAR Late Model Sportsman program for 1973. The Permatex track championship program will award \$1,000 to each NASCAR track champion in the Late Model Sportsman division and will also include a Permatex championship feature event, a Miss Permatex contest and the track champions trip to Permatex "300" during speed-weeks in Daytona Beach, Florida in 1974. The date for these events have yet to be solidified by the USA management.

Another projected attraction for area stock car fans is the appearance of several NASCAR Super Stars expected in the very near future, in competition with our local hero's at one the USA ovals.

Sunday, Aug. 12, Perry Motor Speedway Promotor Ed Serwacki has slated as Flag and Helmet night at the 1/3 mile action oval. This even should be extra exciting for the first 600 youngsters thru the speedway gates. They will have their choice of a checkered flag or a drivers' helmet to help their track counterparts into action.

The pretentious NASCAR National Late Model Sportsman championship double point events are scheduled to conclude the 1973 racing season at the USA ovals. These events are slated for the 15th and 16th of September in

hopes of luring many of the top NASCAR National point leading contender (including state champs) for the double point event.

The end of this season will also mark the completion and proclaim the winner of the beautiful Dodge convertible which has been the weekly attraction with the popular Mystery mileage contest. Twenty weekly winners are awarded at each speedway, with a monthly \$100 prize awarded by this month's sponsor, Jan-Cen Automotive, 3161 Transit Road, Elma, N. Y. Each weekly winner lowers the odds for him to become a monthly prize winner and also to win the Dodge convertible.

NASCAR Late Model Sportsman, Limited Sportsman and Charger class cars are featured at all competitive events at USA tracks.

Holland International Speedway is less than 45 miles from downtown Buffalo, with action beginning at 8 p. m.

Perry Motor Speedway, the comparable drive south of Rochester, N. Y., begins competition each and every Sunday evening at 7 p. m.

**Bottler Knows — Returnables Are More Economical**

Ever wonder why soft drinks cost up to 40 percent less in returnable bottles than in throw-away containers? An Oregon bottler explains the economics of the situation:

"We've always felt the returnable bottle was more profitable. We have bottles out there that are coming back 15 to 25 times, and they cost us 10 cents each. Conceding five cents refund to the consumer, and based on 15 trips, each bottle costs about a third of a cent per trip. But non-returnables cost us four cents each, and that's lost every time. The same is true for packaging. Normally we get four trips per carton, before it's so battered we're not proud of it or can't use it any more. The returnable cartons cost 10 cents each, or about two and a half cents per trip. Non-returnable cartons cost 10 cents each, and again, that's lost every time it leaves the plant."
