Editorial

by Teresa Polmateer

The Christmas holidays are upon us. It is also a time of remembering, remembering not only past Christmases, but the past year. For Seniors, January 1, will be the beginning of our last semester in high school and also the first day of another year.

Last year 1973, was quite a year to remember important and perhaps not so important events. The Vietnam War was terminated and the prisoners were brought home while the Middle East was again involved in war. Many important people died - people in the arts, sports, media, and people important to youth, such as singer and writer Jim Croce. Politics was brought to the height of publicity with the Watergate affair. The energy crisis is in the news everyday. Wounded Knee is a forgotten affair now, but Marlon Brando climaxed it when he refused his Oscar Award. Many other events happened which would be impossible to list so briefly.

An event which happened this year which is important to A.C.S. is the arrival of our interim principal, Mr. Mosher. I welcome him and wish him luck and success in his stay at Andover Central. Happy holidays to all.

Reception For Mr. Mosher

A "get-acquainted" tea was given by the faculty in honor of Mr. Mosher, our interim principal on Monday, December 10 in the homemaking room. At this time Mr. Mosher spoke briefly to the faculty. Later in the week Mr. Mosher called a special assembly which gave him the opportunity to speak to the student body.

Student Council Dance

by Nora Kelley

On December 28 the A.C.S. Student Council is holding a dance in the gym. Admission price is \$1.75 and it lasts from 9:00 to 1:00 A.M. Come and have a good time and enjoy the music of the "Wheatstone".

Library News

Andover Central School students collected 6443 Campbell labels in the contest that ended December 8. Two cassette players and one cassette player with recorder were ordered. The labels for Education Program promises delivery of these in eight weeks.

When the three machines arrive each grade K - 6, will be given a chance at each for a week's use. Cassettes on Indians, Health and Safety, Science, and Occupations are on order to use with the new players. Profits from the PTSA Book Fair were used to purchase some of these new cassettes.

Thanks to all the parents, students, and friends who helped make this program such a success for Andover Central Schools elementary grades.

Veterans News

LISTEN, VETERAN

FLAG - VETERANS BURIAL - A flag of the United States will be furnished by the VA to drape the casket of a deceased veteran discharged under other than dishonorable conditions who: (a) Had wartime service, or; (b) Had Mexican Border Service, January 1, 1911 to April 5, 1917, or (c) If peacetime served at least one enlistment, or (d) Was released from active service because of disability incurred in or aggravated in line of duty, or (e) Had service subsequent to January 31, 1955.

IT'S A FACT - The purchase of a mobile home under the GI Home Loan Program does not prevent a veteran from obtaining a mortgage for a conventional home at a later date. The mobile home loan, however, must be paid in full before the new mortgage can be granted.

THEY'RE COMING! Those Annual Income Questionnaires for veterans, their widows and dependent parents receiving non-service-connected pension, or dependency indemnity compensation. They should have arrived with the November first checks. And they still have to be completed and returned promptly! Failure to do so could result in a discontinuance of the pension payments. With money hard to come by in most pensioners homes, this could mean a real hardship! So take the advice of State Director of Veterans' Affairs Frank V. Votto and fill them out and return them before the January 15, 1974 deadline. If you need assistance in completing yours, Director Votto invites you to take it to the New York State Division of Veterans' Affairs local counseling center located at the Municipal Bldg., Wellsville, N. Y. on Tuesdays, and at the City Bldg 108 Broadway, Hornell, N. Y., on Mondays, Wednesdays, Thursdays and Fridays.

Warned Against "Mixing" Tires

If you are putting snow tires on a car equipped with radial tires, you should get radial snow tires, the Tire Industry Safety Council reminded motorists.

"The driving characteristics of radial tires are so different it is actually dangerous to have radials on the front wheels and bias ply or bias-belted tires on the rear wheels," said Council Chairman Malcolm R. Lovell, Jr. "It might be compared to having a rubber-soled shoe on one foot and a leather-soled shoe on the other."

In support of its warning, the Council cited a new public advisory from the National Highway Traffic Safety Administration on snow tires.

"If your car is equipped with radial ply tires, it is essential that radial ply constructed snow treads be purchased."

"Many motorists consider radial tires to be equal in traction to snow tires in snow or icy conditions," the advisory added. "However, most states do not recognize radial ply tires as snow tires. When the motorist has doubts, he should check with his State, county or city jurisdiction."

Radial tires are built in such a way that when they are turned they immediately assume the new direction. If the snow tires on the rear are of a different type, the risk of slipping and causing a skid is increased.
