## Sesqui Belles To Meet

Tuesday, April 16, 1974 is the official date, girls! We will meet at 7:30 P. M., at the Andover Central School Cafeteria for a general information meeting and to initiate the signing of applications for Belle Chapters. Letters have been sent to local businesses, women's organizations, and to women who have already begun forming Chapters. A further cordial invitation is extended to all women of the village, town and surrounding area to participate and attend this meeting.

Kick-Off Sale of the "new" Sesqui Pens which was carried on during the Maple Festival, was a great success. Yes, these are the new pens. They have the seal as well as the vital statistics printed on them.

The Pens are on sale now at the Sesqui-Centennial Headquarters which will be open this Friday evening from 7 - 9 p. m. and Saturday morning 9 - Noon.

Don't forget the Executive Meeting, Monday evening, April 15 at 7 P. M., in the School Cafeteria and the General Meeting - same place - same date - at 8 P. M.

Always good to see so many of you good followers.

Individual and Chapter applications plus, Belle pins, will be available upon registration. Also, bonnets for Sesqui-Belles will be on display and available for purchase that evening. Later Bonnets and cosmetic permits will be purchased at the Sesqui-Centennial Headquarters.

Considerable enthusiasm has been expressed in Belle Chapters, recently. Let's all join in the fun and work involved in celebrating the 150th anniversary of a great little Community.

Mr. George Hooper co-ordinator of the Sesqui-Centennial activities, will be at the meeting to help explain the role Belle Chapters will play in the festivities.

Hope to see you all there - Tuesday, April 16th!

## The Mayor's Column

by Jim Bliss

Congratulations to the people of Andover and the Andover Lions Club for a highly successful Maple Festival.

Our on-again-off-again school crossing guard is on-again. When the children start school after Easter vacation, they will find Mrs. Gaus from Elm Valley ready to assist them in crossing Main St. at the corner of Elm St. Mrs. Gaus is a participant in the Mainstream Program and as such is paid thru

Federal Funds. I'd like to acknowledge the assistance of Jim Mulholland in getting this project finalized.

I'd like to commend the Village Crew for their efforts to get the village streets particularly in the center part of the village, cleaned up for the Festival. The continuing snow made this a very frustrating job. Our police officers did a good job on traffic control again in prevailing conditions.

DID SOMEONE SAY - "SPRING IS HERE"! With the calendar reading Tuesday, April 9th, nearly 3 weeks after Spring officially arrived, the ruler in the "Little Woman's right hand tells a different story! Yes Sir! There are only 3-inches of the 12-inch ruler sticking out of the snow that was dumped in our Andover Area Monday night and Tuesday morning, and, with the thermometer reading 16 above late Wednesday night, it seems more like mid-winter.
