## Students Tour Spain Over The Easter Holiday

Twenty-four students from Andover and Nunda enjoyed a vacation in Spain over the Easter Holiday. All students seemed to have a wonderful time even though they experienced a few minor problems, such as a mix-up in flight plans and illness.

The group, chaperoned by Mrs. Karen Copp and Miss Marjorie Goodrich, both ACS teachers, left the United States on Friday and arrived in Fargo, Portugal on Saturday at noon. The rest of the day was spent on the beach next to the hotel.

The next day they travelled to Seville, Spain. They toured the city and spent the evening in a club where they observed the flamenco dancing. The following day they left for Malaga where they stayed two nights. The first night they visited a spanish discotheque and listened to American music and met other students. The beautiful city of Granada was toured by the group the next day. This evening was free and some of the students went in groups to clubs or stayed on the beach or in the hotel.

The next event on their itinerary Wednesday, was a twelve-hour trip to Madrid. On Thursday they saw the El Prado and many other famous buildings in Madrid. Following a tour of that city they moved on to Toledo. Friday afternoon was free for shopping. Friday night the Andover group met the Lions Club in Madrid where they were very graciously welcomed and where they presented the plaque taken there from the Andover Lions Club. The Madrid Club gave the students banners and wished them a good trip home.

The group arrived in New York

on Saturday and was brought home by parents who met them in New York City.

### Impressions Of Spain

by Cindy Tomm

The overall view of Spain and Portugal from the members of the Spanish Club were good and happy one. Each one was experiencing a trip to another country for the first time. Here are a few impressions from the students:

I enjoyed seeing the museums, castles, the Alambra and the many different sights.

I liked Portugal the best. The people seemed so much more friendly. The country seemed to be a poor one, but the countryside was beautiful.

I enjoyed Madrid Spain the best. We were able to walk around parts of the city, meet new people and see how they live.

It was such a new, different and exciting experience. The trip was just too short.

I liked the night activities the best. We had free time to spend in the town or city and were able to see what they do for entertainment. The Flamenco Dancers and the discotheque we went to were great.

I was amazed at how poor the people were and how clean the country was. Many of the people we met thought all Americans were rich.

### Appreciation

I wish to express my appreciation to all of my friends, neighbors and friends for their visitations, flowers, cards, gifts and acts of kindness while I was in the hospital. A special thanks to Dr. Miller, Dr. Tartaglia, the nurses at the hospital, for my excellent care and also to the Rev. Ray Albaugh.

Mrs. Lillian Glover
