

Legal Notice

NOTICE IS HEREBY GIVEN THAT the following Local Law No. 7 of 1974 which became effective July 10, 1974 is published pursuant to Section 214 (2) of the County Law:

A local law to provide for the regulation and licensing of outdoor public musical entertainments, amusements and assemblies in excess of ten thousand persons; the establishment of licensing procedures and fees therefor, and prescribing offenses and penalties.

Be it enacted by the board of Legislators of the county of Allegany as follows:

Section 1. Purpose

Outdoor public musical entertainments, amusements and assemblies attended by 10,000 persons or more have occurred in the State of New York and elsewhere both upon developed and previously undeveloped outdoor sites where individuals camp and remain upon the event site and surrounding areas prior to, during and following the event.

The Counties of Sullivan and Schuyler have heretofore been the site of outdoor public entertainment events in which assemblies consisted of more than 500,000 persons. As a result of the magnitude of these assemblies, all municipal services were disrupted and halted both on and off assembly sites for long periods of time immediately prior to, during and after the events. These disruptions and halting of municipal services included fire and ambulance protection, mail, garbage and refuse collection and disposal, and police and traffic control. Residents of the said counties and transients were unable to obtain medical services, hospital treatment, food and other necessities as a result of the great influx of persons into the counties and the clogged and obstructed roads and highways. Personal safety and health were endangered and public and private properties were damaged extensively. Extraordinary municipal services were required to restore the site and highways to their original condition and to restore and preserve the health, safety and well being of the communities involved.

The mass assembly of persons in Allegany County for such events in numbers of 10,000 or more would temporarily increase the number of persons residing within the County of Allegany substantially beyond its normal population, thereby causing problems and demands considerably beyond the capability of existing municipal services and facilities. In order to prepare for such an event, it would be necessary to provide a temporary community with all the services required for the health, welfare and safety of the persons in attendance. Adequate provision must be assured for sanitation and sanitary facilities and services, water supply, food services, garbage and refuse collection and disposal, hospital, medical, nursing and ambulance service, policing and traffic control, parking facilities and control, and communications and power systems, all of which are normally subject to governmental regulation and licensing. The temporary furnishing of such services and facilities for outdoor public musical entertainments, amusements or assemblies intended to be attended by 10,000 or more persons similarly requires municipal approval and regulation.

In addition, the conduct of such events would create a mass movement of people through the County of Allegany, principally upon its public streets and highways, of a magnitude never before experienced by the County of Allegany with the likelihood of damage and injury to persons and property within the County of Allegany. It is therefore deemed necessary that persons, corporations, organizations, land owners and lessees conducting such events provide adequate financial assurance to protect persons and public and private property within the county.

Municipal regulation of outdoor public musical entertainments, amusements and assemblies both on and off the utilized site is clearly required for the protection of the public and the community. The Board of Legislators of the County of Allegany deems it necessary and proper for the protection and preservation of person and property and the health, safety,

morals and well-being of the residents of Allegany County and others to adopt a local law relating to regulating and licensing outdoor public musical entertainments, amusements and assemblies in excess of 10,000 persons.
