Editorial

by Diane Bliss

So our society is condemning youth again! Kids these days are no good, parasitic bums. They have no respect for the older generation and no sense of values.

I won't call this a "generation gap" because I don't believe in there being a gap. As a matter of fact it's more like a mental block so jammed full of controversy, disbelief and other disgusting garbage that this stuff would materially be capable of filling any "gap" up to the size of the Grand Canyon.

Therefore, maybe they forgot or maybe they didn't and don't want you to experience what they did. In any event, I believe that mountain is weaving down. It's only natural that it should until it's just a rounded knoll that everyone can stand on together to look over the world.

Andover completely turned their game around as the defense held a shutout and the offense scored three goals as they defeated the Whitesville Bluejays, Friday. Scorers for Andover were: Tim Mead on a penalty kick in the first period; Gary Barden scored in the second period, unassisted; then Rick Cahill ended the scoring as he put one into the nets, fourth period on an assist from Gary Barden.

The Panthers will meet Greenwood in a home game on Friday.

Individual Library Council members are sponsoring each grade and will help with the collecting, counting and taping of the labels. Last year in the Labels for Education Program Andover Central School collected 6443 Campbell Soup labels to win two cassette players and one cassette recorder player. This year Campbell Bean product labels are also allowed and the collection time is longer than last year. All the grades would appreciate any Campbell labels relatives or friends contribute to them.

BOCES

by Cathy Swartz

Do you know what BOCES is or what it stands for? BOCES is the Board of Cooperative Educational Services. The nearest center is located in Belmont.

Many people have the mistaken impression that BOCES is school for people who cannot handle the courses at their own school. They are very mistaken.

About 1,200 students attend this vocational school. There are such courses as - drafting, childcare, nurses aid, cosmetology, commercial art, photography, office practice, welding, secretarial education and many more.

I attend the center this year. It is going to be a very worth while experience. BOCES prepares you so you are qualified to go out and get a job fresh out of high school.

If you ever get the chance, I urge you to go and visit. They have courses for people of all ages. Who knows? Maybe one for you too!
