The Mayor's Column

by James Bliss

Tuesday our consulting engineer and myself attended the Public Service Commission's hearing on Niagara Mohawk's proposed 115KV line from Wellsville to Andover. We have been in contact with both the Public Service Commission and Niagara Mohawk in regards to the effect of this line and new substation on Andover. Again I urge anyone concerned about the proposed route especially within the Village, to check out the maps in the Village Office. You may contact Niagara Mohawk or the Public Service Commission directly if you so desire.

There has been a change in

Administrators for the Rural Management Association of Allegany County which operates the Andover Medical Center. Carlton Coates who has been an active RMAAC Board Member since its start, will replace Robert Clark who resigned. The RMAAC expects to build a new center in Andover as soon as funds are available for such an undertaking. The present two doctor staff hopefully will be increased to three as soon as a third doctor is located. We had a visit from one prospective doctor this week, but he wouldn't be available until next June.

Anyone interested in being on our Youth Recreation Committee please contact Mrs. Ralph Peterson or myself.

A reminder that overnight parking will be banned starting November 15, 1974.

Lions Club Turkey & Gun Party 7 p. m. Friday

Chairman Merle Dibble reminds the public that the Andover Lions Club 4th Annual Turkey Party will be held Friday evening, November 15 starting at 7 p. m., in the ACS Gymnasium. Besides the 70 choice turkeys to be given away to the lucky winners, there will be a large array of other items donated by local merchants and producers such as capons, silver dollars, Sesqui-Centennial Souvenirs, produce, grab-bags, etc.

Chairman Dibble also has saved the largest Turkey which will be given away FREE as the door prize.

ACS Seniors will serve refreshments and food during the entire evening.

So plan to come early — stay late — and have a good time supporting your local Lions Club Sight and Hearing projects.

LETTERS TO THE EDITOR

In reply to last week's "Letter to the Editor" in regards to comprehensive coverage on your automobile.

First I would like to assure most of my insured that they do have comprehensive coverage and definitely do if they requested it and were not specifically told that they could not obtain it.

Secondly — National Grange Mutual Insurance Co., does write comprehensive coverage on older cars. Quote from agent's manual "Auto more than 8 years old when insured will be limited to fire, theft and combined additional coverage". This means that National Grange will write comprehensive coverage on any auto, when written as a new policy or added to present policy, until auto is over 8 years old. It also means that if you have had comprehensive coverage on a vehicle we will continue that coverage as long as you have the vehicle, regardless of age.

It also means that National Grange does write fire, theft and combined additional coverage (this includes floods, falling trees, etc., but not glass breakage) on any vehicle when written new or added to policy regardless of age. If this coverage is requested.

Yes — most of my insured do have comprehensive coverage on their automobiles. If you have a question about your coverage please call me at 478-4611 or 478-8193.
