**Stephen A. Walker
Receives Merit Program
Commendation**

One senior at Andover Central School has been named Merit Program Commended student by the National Merit Scholarship Corporation.

Principal Jordan announced that the following student has received a Letter of Commendation: Stephen A. Walker.

Stephen was among the 38,000 Commended students named on the basis of his high performance on the 1973 Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT). Commended students are in the upper 2 percent of those who are expected to graduate from high school in 1975. Although the Commended students ranked high on the PSAT/NMSQT, their scores were just below those of the 15,000 Semifinalists who were announced in September by NMSC. Commended students do not continue in the Merit Scholarship competition.

Edward C. Smith, president of NMSC, said, "The high standing of Commended student in the Merit Program shows their great promise, and their attainment in this nationwide program deserves public recognition. The Commended students should be encouraged to continue their education. Both these students and our nation will benefit from their further educational and personal development."

To increase their scholarship opportunities NMSC reports the Commended students' names to the regionally accredited colleges they named as their first and second choices when they took the PSAT/NMSQT in October 1973. The reports include home addresses, test scores, and anticipated college major and career intentions of the Commended students.
