## The Mayor's Column

by "Mike" Brace

Once again, a special thank you to those people and businessmen that cooperated with the Village during the "cold snap". Precautions on the part of all prevented a possible overload similar to the one incurred recently. The Village Officials and Employees were monitoring the situation and obviously pleased with the results.

To those organizations that have not planned any special events for the Bi-Centennial, don't forget to contact the Bi-Centennial Committee for suggestions. They would like to help you and get your event placed on the calendar.

On Monday, I had a delightful meeting with the Golden Age Club President Lenora Glover graciously granted me the opportunity to speak to the Club Members concerning snow shoveling and the amount of money people on fixed incomes are disbursing for its removal. An exchange of ideas took place, and a tentative plan of action was introduced to alleviate this dilemma for shut-ins and people living on fixed incomes.

Monday evening, I attended a meeting with the Andover Fire Department. Discussion centered around insurance needs and coverage. The responsibilities for each party was clarified and further investigation is necessary in this area to determine if the needs are being met.

## HEY! HAY! HEY! Old-Fashioned Sleigh Ride Today!

Does that sound nostalgic? Well it isn't really to-day - but a REAL OLD-FASHIONED SLEIGH RIDE will be held on Sunday, February 8, 1976, starting at 1 p. m., and will depart from the American Legion Home on Main St.

Two teams of horses, a sleigh and a cutter will be furnished by Everett Fanton, "Ye Olde Home Town Horse Trader", and refreshments will be served at the Legion Home during the afternoon.

This event is being sponsored by the "Road-Runners" Chapter of the IOOB as they figured that this would be the ideal "kick-off" for Andover's Bi-Centennial Celebration. (As long as the horses don't "kick-off" the harness.)

This affair is open to the public and if anyone has horses, sleigh, or cutter you are invited to join in the caravan. However, please - No Snowmobiles, as this is an "Old-Fashioned", slow moving convoy and besides their "mitch" "spook" the horses and, after all we don't want anyone to get hurt! Oh Yes! Photographers are invited to join in and take posed pictures that will be censored! (No candid shots for obvious reasons.)

## Lundine For Congress Andover Committee Meets

Tuesday night the Lundine for Congress Andover Committee met at the home of James Bliss and drew up plans for Stan Lundine's visit to Andover on Saturday, February 7, 1976.

The committee co-chaired by James Bliss and Tom Smith, was very enthused about the Democratic candidacy of Stan Lundine for Congressman from the 39th District. A number of issues were brought up as possible topics for Mr. Lundine to discuss, such as gun control, aid for a new fire hall, aid for senior citizens and revenue sharing. It is hoped that many others will be brought up at the meeting on Saturday.

The committee plans a tour of the Village and the surrounding area for Mr. Lundine. This will be followed by a reception and buffet luncheon at the Grange Hall starting about 12:30. After lunch Stan will address a few remarks to the gathering followed by a question and answer period.

The people in Andover and surrounding villages will be offered a rare opportunity to meet a candidate for Congress. It is hoped the citizens of this area will take advantage of this opportunity to meet the candidate and have their questions answered. It is also a chance to make sure Stan Lundine understands how we feel about various issues of the day.

Dear Editor:

Madeline Murray O'Hair, professed atheist, has been granted a Federal hearing in Washington, D. C., on the subject of religion on the air waves. She has a petition No. 2493 which could ultimately pave the way to remove the proclamation of the Gospel from radio and television. She took with her petitions bearing 27,000 signatures to back up her stand. This covers all Sunday worship services on radio and television. Many elderly people and shut-ins depend on these broadcasts to fulfill their worship needs.

What can we do? Immediately send a letter IN FAVOR OF religious programs to:

Federal Communications Committee  
1919 M Street N. W.  
Washington, D. C. 20036  
Be sure to mention that you are opposed to Petition No. RM 2493.

Sincerely,  
An Interested Local Subscriber  
(name withheld on request)

Ed. Note: - We know that many shut-ins enjoy these religious programs and it certainly would be a shame to deprive them of this opportunity to worship in their homes.

It is very difficult to understand why a small minority of "Professed Atheists" are apparently so stupid to go to all this trouble when all they have to do is turn the selection knob to another channel or shut the TV set off.

Cape Cod

Dear Red and Jeanne

I have no recollection of sending you a check last year, so am enclosing one for '75 and '76.

Things go well here at least well enough that I am still man aging to continue to hang in there.

Regards,  
Scotty

Ed. Note: Dear Scotty  
- Glad to hear from you and happy that you are as well as can be expected. We think of you every time we drive down Center St. (which is several time a day) and often recall the advice and medical assistance that we used to receive whenever we had a problem. Those were what we refer to as "The Golden Days."

We too are trying to "hang in there" but as time marches on things seem to get a little more difficult as we grow older and then too, there are only the two of us to keep the traditional "presses rolling." However, we still manage to "win a few" along with "losing a few" despite the ever growing problems in the weekly newspaper business.

If we ever get a chance to visit my old stamping grounds at the "Cape" during World War II (Camp Edward and its environs) we will certainly stop off to pass along a friendly Hello - and, who knows, we might even find an ice ball or two to "click together".

Best Regards,  
"Red" & Jeanne
