VOL. XXVII

Andover, N. Y., April 21, 1976

Editorial

Finally it's here, that long awaited vacation. A break is now here, no more getting up at 6:30, having only classes to look forward to. No more inhaling the oatmeal to get to school on time. We don't even have to eat lunch in fifteen minutes, not for awhile anyway.

For the next week there's nothing to wake up to — only Noon Sounds good doesn't it? Now we don't have to worry so much about getting the wrinkles out of waist bands and finding matching socks.

After a week of unmatching socks, wrinkled pants and wide-opened eyes it'll be nice to get to get back to those inky smelling halls and piles of books. Even the bells ringing and lockers slamming will have something enjoyable about them.

News Flash! We interrupt this column to bring you a news update. Mother Nature has just made a major decision. She has decided to let Spring come this year. We'll turn to our remote broadcast from our roving interviewer, to bring you up to-date on the cause of the trouble. Scoop are you there?

"This is Scoop Muglicken here at the Four Seasons Holiday Inn I'm talking with Mother Nature. Tell me Mother..."

"Oh, just call me Nature."
"All right, Nature, we've noticed some indecision on your part as far as the weather goes. Would you mind telling our audience what the cause of this is?"

"Basically, the problem is inflation. While our budget for weather is geared to '75 we would experience a deficit if Spring came too soon. The price of sun shine is up three tubs of Chiffon per ray. It used to be butter, but you can fool the sun exchange with anything these days. Getting back to inflation, cold waves, have gone up only one can of Del Monte green beans."

"Well, that's quite a price increase, and quite a difference between the two. To what do you attribute this?"

"Actually, it's quite simple. Rodney Rodent the mouse who runs the generator, couldn't afford his cheese so they had to give him a raise. We couldn't afford Spring too soon so we bought several cold waves to even our budget out."
"Thank you, Mother Nature, this is Scoop Muglicken for Hi-Herald news. We now return you to the column already in progress."

Bicentennial Projects

Students who are working on Bicentennial Projects for the Chamber of Commerce Contest are reminded that the closing date for completion is May 7, 1976. Projects should be turned in to the home room teacher or to Mrs. Doris Harder, Chamber of Commerce Committee Chairman.

Winners will be selected by judges from outside the community. The announcement of winners will be made at Graduation, prizes will be awarded on July 4, 1976.

Senior Interview

Okay, drumroll please! Now is everyone ready to discover this Senior? Okay, here goes, ready or not: this person is a male, he was born December 28, 1958, and has one sister. Have you guessed yet? Well, it is Andy Jackson, that spark-eyed guy with medium brown hair that you might run into any afternoon in the hall. However, you wouldn't run into him in the morning because he takes Conservation and Heavy Equipment Operation at BOCES.

It is quite fortunate also that Andy has participated in Cross Country for a year so that he can get to Belmont in the mornings. Although Andy's future plans are undecided, he takes special interest in hunting, fishing, and archery. The best of luck to you Andy, from ACS.

Kindergarten Registration May 4 - 5

by Karen Hall

Kindergarten Registration will be held Tuesday and Wednesday May 4 and 5. At this time children entering in September will have a chance to meet their teachers and future classmates while the parents meet informally with other parents and faculty.

A video tape of the summer testing program will be shown to the parents. Both the children and parents will be invited to stay for lunch if they choose.

Letters for the exact date will be sent out next week.

Any parent new to the ACS District who has a child entering Kindergarten in the Fall and has not enrolled, the child is asked to please call the school mail office. The number is 478-8491.

Spanish Club

by Kal Shaw

Looking for something interesting to do on May 7? Want to have fun and enjoy yourself? Well the Spanish Club has just the thing for you, a dance featuring the Friends, for the second time this year.

The Friends gave a decent performance last time they were here and will probably do it again. Save a spot on your calendar for May 7 and help the Spanish Club by coming to the dance.

WEDNESDAY — Vegetable Bean Soup, Peanut Butter Sand wich, Frosted Cake, Milk

THURSDAY — Potatoes, Special Luncheon Meat, Buttered Vegetable, Bread and Butter, Fruit Milk

FRIDAY — Macaroni and Tuna Salad, Sliced Cheese, Buttered Vegetable, Bread and Butter, Cranberry Crunch, Milk

Senior Interview

by Susan Dougherty

On April 2, 1958, another hard-working dedicated 1976 Senior was born. His parents, Mr. and Mrs. Philip MacMichael, decided to make him father's namesake and named him Philip Jay MacMichael, known only as Jay to his friends. Jay comes from a medium-sized family with his three brothers, Jim, Tom and Eric and his only sister, Amy.

This senior has been a great participant in ACS sports during his high school career. He has played soccer, baseball, and basketball each for four years. This year Jay was selected as an alternate to the Allegany South D All Star Team. He has also been on the track team for two years. Jay put his musical talent to use by playing clarinet in the Senior Band for two years.

His plans for the future include attending Alfred Tech in the fall, entering the Audio-Visual Curriculum. After college, he hopes to enter the field of photography. Also, Jay is planning on playing with the soccer team at Alfred.

Jay has a bright future waiting for him and we know he'll go all the way. Best of luck, Jay!

Senior Interview

by Karen Hall

A bouncing baby boy was born to Mrs. Reva Nichols and the late Mr. Donald Nichols on Feb. 20, 1957. His name is Ronald John Nichols.

Ron has one older sister, Debbie. He enjoys track as a sport and his hobbies are riding, collecting bikes in the winter, and working on machines.

Ron is taking Mechanical at BOCES. He plans to go to Wellsville Tech to take Auto Mechanics.

Maple Festival Thoughts

After having surveyed fifteen children, grades, Kindergarten through Third, we have concluded that among the younger set balloons and rides were the biggest attraction at the Maple Festival.

When asked what he liked best about the Maple Festival Frederick Fitch of Second Grade, told us, with no hesitation, that his favorite part was "the two Kawasaki motor bikes outside". Lori Herr, from the same class, liked the Queen Contest best. Barbara Herring, from Kindergarten, however had the old spirit and told us that she liked the tasting of Maple Syrup best. Matthew, Faraway liked the Merry-Go-Round and Amy Wislow liked the train ride best. Carmen Kear, from Kindergarten, liked balloons best. David Baker and John Lehman after brief consultation with each other, decided that they liked the rides best. Susan Hyde from the Third Grade, liked the rides also — except the horses. Jeff Danneheim liked the Easter Egg Hunt and Cheryl Cooper liked the songs and music in the gym.

Whatever it was they liked whether it was Kawasaki motor bike or songs and music, we know that they enjoyed themselves.

Senior Interview

by Susan Dougherty

On February 1, 1957 Mr. and Mrs. James Jackson were blessed with their pride and joy, Jan Jim has two younger brothers, De and Jay and three older sister Betty, Brenda and Kim. Jim has been on the baseball and volleyball teams each one year and the track team for three years. He has also been a member of the Varsity Club for three years. Jim is majoring in Auto Body at BOCES. After he graduates Jim hopes either to go into Military Service or to find a job. Whichever he does decide to do ACS wishes him success and happiness always.

Senior Interview

by Susan Dougherty

There are very few Seniors at ACS that go around quietly, but Kevin MacCrea is one of them. Kevin, as you may have seen, has dark brown hair and is of medium height. He was born September 24, 1957 and has one brother Rory.

Among Kevin's sports interests are soccer, which he has played for three years, and swimming. He also is a member of the Yearbook Staff, Art and Shop and the majors, and Kevin plans on going into cabinet making.

Perhaps you may have noticed Kevin at two parades of other members of his family playing the bagpipes. Kevin comes from strong Scottish origins and enjoys its traditions. From ACS we wish him happiness and success for the future.

Senior Interview

by Lori Stein

On October 6, 1957, a bouncing baby boy was born to Mrs. Anne Scott. His name is Steven Bruce Scott. Steve has three sisters, Debbie, Bobbie, Bonnie, and one brother, Terry. Steve is very active in sports. He has played basketball and soccer for four years, baseball and track for two years.

His hobbies are hunting, fishing, and playing sports. Steve plans to attend Alfred Tech to study Building Construction. He also plans to participate with the Alfred Tech soccer team. After college Steve plans to find a job in construction in the area. We all wish him the best of luck in the future!

April 14 — Baseball, Andover at Whitesville
April 15 — Girls Softball, Whitesville at Andover
April 16 — Tennis, Andover at Belfast
April 17 — Spanish Dance, 8:00 - 12:00

Senior Interview

by Susan Dougherty

Well known as a musician and town for her participation in so many camps, sports, and clubs, is the senior in Mrs. Nancy Stephens. Nancy, born September 24, 1958, has two brothers, Jim 25 and Tim 15 and two sisters, Diane 23, Susie 22 and is the daughter of Oscar and Edna Stephens of Alfred Station.

Some of Nancy's involvements throughout the years have been: Choir, five years, All-County Choir six years, Area All-State Choir two years and vice-president of the Senior Choir for one year. She has been in FFA for four years, GAA for two and on the Hi-Herald Staff for one year. She was one of two Yearbook Staff members this year. Nancy is a member of Mrs. Webb's Senior Play "Our Senior Semester" and these and other activities are a memorable part of our school. Nancy plans to attend Alfred Tech and take up Ornamental Horticulture.

Now for a few of the more interesting and outstanding elements of all of the "sugar and spice and everything nice" that go into Nancy's make-up.

Nancy loves the outdoors, one reason maybe, why she is going into the field of Ornamental Horticulture. She has lots of plants and enjoys outdoor sports, mainly tennis and softball. Her dog, Fresca and her three cats show Nancy's love for animals. Music is another of her favorite things. Her favorite — favorites? — Gordon Lightfoot, The Beatles, and Classical music, any of which she likes to play the piano to or sing along with. Reading, sewing and in her more creative moods — writing — are a few more of her likes. What are her dislikes? Well, not much. Some people find it hard to get along with the perpetually happy types of which Nancy is one, but she says, "don't worry about what others think of you. If you like what you are doing and you are happy the way you are, it doesn't matter what others say!" Cheers — to a great philosophy and a greater person! That ought to give you a very full and rewarding life!

The spotlight is on Lisa March, who has been active at Andover since she was six years old. Lisa has been in Choir for three years, plays the piano, takes part in a "Frodo" group, Red Cross, National Honor Society, Hi-Herald, Student Council and is on the Yearbook Staff. She has also been on BHA for one year.

Lisa has three brothers and two sisters, Lori, Bruce, John, twenty-five, Shella, twenty-seven, Leslie thirty and John thirty.

She is majoring in Math, Science, Music and Latin.

Lisa thinks possibly that she might teach the deaf or do into the deaf ministry in the future.
