Editorial

Wow! Terrific! Wonderful! Fantastic! What am I talking about? Vacation of course! Yes, that five day weekend coming up next week. Have you decided what you are going to do over vacation? Well from a recent poll, here are just a few things the students from ACS will be doing:

Underwater basket weaving, trying to break the world's record for standing on Main Street, and taking part in a state-wide study to determine the possibility of a shark attack in the Finger Lakes Region. Among the most unusual happenings are visiting grandparents, celebrating Memorial Day, and finishing homework by 11:00 p.m. Monday night.

Whatever you may be doing have a nice vacation.

Feature

Have you heard the latest news? Vacation! At last, after four weeks of toting books around, and sitting in classes all day long, we get a "break". But just what are you going to do? Have a new exciting experience standing downtown, or will it be walking down to Sacketts to buy a can of pop, maybe even going into the SubShop to buy a roast beef without any onions?

Wow! How thrilling, but is it really that great? Have you ever thought about what else could be done with your spare time? If you haven't thought about it, "try it, you might like it". You might find a part of your life you were missing before.

If you find something let everyone else in on it because I think we are all in a big rut.

This year's award went to Douglas Preston, who is the lead drummer for the Senior Band. Congratulations, Doug!

Spanish Class Dance

The greater dance held May 7 sponsored by the Spanish Class had a good turnout of "friends". Although the band, "Friends" was missing its lead guitar player, the music was good and they also played records. Because of the missing lead guitar, the admission price was lowered, and because of the fine turnout the Spanish Class made a total profit of \$120.00.

The Club wishes to thank all those who supported and assisted with the Dance.
