Independence of Mind —  
A personal Approach  
to Government

"Jim" Emery Works  
for "ALL" the People

Quotes From Around The District:

- "We appreciate all you are doing for Upstate New York." ... Robert O. Hitchcock, Alfred
- "I thoroughly enjoyed my stay in Albany and was impressed by the efficiency with which the Conference was run." ... Carolyn Rossington, Alfred-Almond Central School
- "Without your help I might not have been able to continue with my education this year. It is so nice to see that in just this one case the government works for the people and not the reverse. I told others of the attention you gave my request and they were very shocked. I somehow hope that this is some foreshadowing of how our government will function in the future." ... Gary N. Fam, Alfred Station
- "I would like to express my pleasure in being a part of your local Government Conference. It is a most beneficial experience from both an elected official and teacher's perspective. I am particularly impressed with your attempts at involving the youth!" ... J. Michael Bruce Mayor, Andover
- "Thank you for your column in the Wellsville Patriot and the Olean Times Herald. I used to wonder why I never knew what was going on in Albany, even when I attempted to locate news items in the newspapers. You certainly have opened my eyes to a great deal I never knew about!" ... Sybil B. Wright, CPS, Wellsville
- "As a representative of that community, I would like to take this opportunity to express our sincere and heartfelt appreciation for the progress that has been achieved this year and for the support and concern of your office." ... Joseph Mandella, Paralyzed Veterans Association
