Past President Howard Dale Green was awarded the coveted "100% President's Award" by District 20 E-1 Governor Lloyd S. Jones of Brockport, during recent ceremonies at the Andover Lions Club monthly meeting.

The award is presented to those Lion Club Presidents who fulfill all obligations to their Club and community and display leadership "Above and Beyond" excellence. Lion Dale has served in almost every capacity and position in the Club prior to becoming President for 1976-77. Lion Dale has aspired to even greater heights this year by serving as Zone Chairman.

The Andover Lions Club salutes Past President Dale Green for his fine accomplishment and wishes his continued success in Lionism. As an interesting note, Past President Green has maintained the tradition of the Andover Lions Club, that is, All Past Presidents Chamber President "Red" Allen, Tom Smith, and Leon McNeill, have also won this Award. VILLAGE NOTICE

The Village of Andover Electric Plant will be interrupted for brief periods of time on Sunday, November 21, 1976 starting at 1:30 p. m. to allow work crews to cut over the Village Electric Power to the New Sub-Station—Weather Permittals.

It is anticipated that each of the 3 circuits in the Village will take less than 30 minutes to change over, and only one circuit will be off at a time.

This will complete the up-dating of the local Electric System so that it will be able to handle any forecast electric demand for several years in the future.

The Mayor's Column

by "Mike" Braze

It was worthwhile to note that Andover's Lynch-Burgess Post No. 397, American Legion, paused to acknowledge the traditional Veterans Day. It seems to me that too many holidays in our culture have undergone a change in perspective. All too many times I feel that the accompanying "time off" has been turned into "vacation" and the meaning of the particular day has been lost in the shuffle.

Therefore, I am grateful that Andover has an active veterans group that pays homage to the memory of American people who have served our country. As one views the area and notes the activities in recognition of this important day, it becomes particularly gratifying to be a part of the Lynch-Burgess Post's vigilance in maintaining the Veterans' memory. Thank you very much.

A reminder to those people who park on the streets. The calendar has placed us in the time of NO PARKING ON THE STREETS BETWEEN 2:00 A. M. and 6:00 A. M. Once again, the intent of this is to insure proper snow removal and street maintenance during the poor winter time period. I am very pleased to remember last year's response to this law. It was fantastic and certainly facilitated the fine conditions of the streets throughout the inclement months.

Andover C of C Holds Meeting

The Andover Chamber of Commerce held their regular November meeting on Wednesday evening, November 17th, at the Legion Hall with President Howard Burdick presiding.

Following the dinner, it was announced that the State of New York is trying to close the Bethesda Hospital in Hornell to save the State the amount of financial assistance that is now being given.

A lively discussion followed with members feeling that the Bethesda Hospital is very necessary for the Hospital needs of area citizens. A motion was made and carried for all members to enlist the support of all their friends to write letters to Governor Corey and our State Representatives urging them to be sure and keep the Bethesda Hospital open for the adequate needs of area citizens.

Andover residents are known all over this area for their concern in civic matters — so went you all do your share by writing personal letters urging that this fine facility be allowed to stay open to help serve our area Hospital needs?

News That's Print To Fit

Last weekend in discussing the weather and the fact that it was just ZERO early Friday morning, one of the boys remarked that we hadn't even had "Indian Summer" yet but it appeared as if Winter was here already — to which someone quipped: "We didn't even have a "White Man's Summer" — so how could you expect to have an "Indian Summer"?" To this statement — no one was able to add 1 word!

Just for the records and so that area residents won't be "cloaked with a mantle of false security" while it was generally very quiet on Halloween, there WERE acts of outright, deliberate Vandalism that are absolutely inexcusable — even by the most permissive of parents.

When it comes to the point where one of the windows in the front of the Bank is broken with a large piece of cement block, and windows in three other business places on Main St. are broken, along with a door being smashed in another business place — it would seem that it is just about time to see that a lot of effort is made to catch the culprits and make them pay for their devilry. Instead of writing it off as a Halloween prank! 10-47
