**F. A. D. MOTORS, INC.**

Stan Ferris — Pres. Ray Goodridge — V. Pres.

"Home of Buick-Oldsmobile & GMC Trucks". In this day and age when every car maker has such a wide selection of models to choose from, it is really difficult for you to decide where to go for a new car. All the companies advertise that their cars are the best, but who is to say which car really is. Obviously all the cars on the market today must have their good points or they wouldn't have survived the ups and downs of the business. We, therefore can conclude that the real differ-

ence in buying a car is the dealer you buy it from.

The ideal dealer to buy a car from offers a fair price on the new unit as well as an honest dollar for the car you trade in. However the most important factor is the service that you receive on your new car year after year.

The editors of this 1977 Review would like to point out a dealer that considers the most important part of selling a car the quality service he can offer you after the sale. We are talking about F. A.

D. MOTORS, INC. at Big Creek Road in Hornell, phone 324-3466 dealers for the famous Buick, and Oldsmobile automobiles and worldwide famous GMC trucks. See them today for a new car or quality used car, and you'll see why we say "Customer Consideration" is their byword.

The owners of F. A. D. Motors Inc. would like to offer their sincere thanks to their customers from this area for their patronage in 1976 and also to wish them the best in the coming weeks.
