

Anita Winslow Named As General Mills Family Leader of Tomorrow

Anita Winslow has been named Andover's 1976-77 General Mills Family Leader of Tomorrow.

Anita won the honor by competing with other seniors here in a written knowledge and attitude examination on December 7, 1976. She will receive a certificate from General Mills, sponsor of the Annual Education Scholarship Program, and become eligible for State and National Honors.

The State Family Leader of Tomorrow, to be chosen through judging centered on performance in the December 7 test, will receive a \$1,500 college scholarship, with the second-ranking participant in the state receiving a \$500 grant. The state winner will also earn for his or her school a 20-volume reference work "The Annals of America" from Encyclopaedia Britannica, Educational Corporation.

In April, the 51 winners representing every state and the District of Columbia will be the guests of General Mills on an expense-paid educational tour of Colonial Williamsburg, Virginia, and Washington, D. C. During the tour, personal observations and interviews will be conducted to select the All-American Family Leader of Tomorrow, whose scholarship will be increased to \$5,000. Second, third and fourth place winners will receive scholarship increases to \$4,000, \$3,000 and \$2,000 respectively.

Spare Time by Lori Stein

The month of February hardly seen worse days. The weather was unbearable and combined with the gas shortage students were given a two week vacation from school. What did they find to do with all this spare time on their hands?

Some people chose to sit home the entire length of the vacation watching television. Another child took to sleigh riding down the ice hills. It was perfect weather for snowmobilers. The extra hours for most people came as a pleasant surprise. It gave them the opportunity to catch up on some of the "put off till tomorrow" chores.

Sometimes, whether because of car trouble, or being snowed in people were unable to leave their homes. Families were forced to be in each others' company. Some endured it while they had to, and some actually found out it wasn't too bad. Maybe the vacation did alot more than give people spare time.

Assembly

The Theater of Youth Company presented "Tarradiddle Tales" on February 22 to the Kindergarten through Sixth Grade. The toy company comes from Buffalo and is performing in Allegany County through March 3rd.

The assembly consisted of three skits: Cans For Sale; The Magic Tree; and Peter The Fool. Each was a very enjoyable laugh-filled story. The children were rolling in their seats as were the teachers.

Feature

by Mike Lehman A Basketball Team

A Basketball Team is important because it takes a team to play as a team. It also is hard work to learn and play the game. You have to do fundamentals, and practice for a long time. Then you put this all together in a play and you can't afford a mistake for it will disturb the play. If a team can do this it will be a real good team. The team that does this has a good attitude, also. Attitude plays a big part on the court and off, because what you do in school you also did on the court.

Senior Trip

by Lori Stein

In just 39 days, the seniors will be leaving for Canada. They are counting every day that brings them closer to that special Saturday morning on April 9. As is the custom, Mr. and Mrs. Burger will grandly open their kitchen to give the seniors a hearty breakfast before they depart.

Many of the seniors are out purchasing new clothes for their upcoming trip. It is sort of funny since no one has seen you in Canada. I suppose it's a good excuse though.

The seniors all would like to say special thanks to Mr. and Mrs. Knapp, Mr. and Mrs. Baker, and Mr. and Mrs. Burger, for their contribution to the senior class and the senior trip.
