Girls Softball

by Teresa Joyce
The girls softball team played two games last week. On Wednesday, May 11 the Pantherettes traveled to Cuba for a non-league victory. The following day, Whitesville's team traveled to Andover & was defeated 31 - 4. The final score of Wednesday's game with Cuba was 10 - 5 for Andover. Although the game was only a scrimmage, the girls gave it their best effort. The Andover-Whitesville game was called after 5 innings as the Pantherettes had a commanding 27 run lead. Andover is now in third place in their division, behind A-A and Wellsville. This may change, however, as Andover will meet both teams again this week.

Career Education

by Cathy McCormick
The Career Mobile Unit was set up behind the Andover Central School the week of May 9 - 13. This Mobile Unit was very interesting. It had units that were set up for different career activities. The evaluators were Mrs. Jill Shumacher and David Hanks. Mrs. Shumacher explained the units and what one did in each. Examples of some units were cooking, baking a peach shortcake using a microwave oven, data processing, calculating a pay roll sheet, soil testing using chemicals to find acidity of the soil, electrical units making electrical out let and wiring a light, sewing practicing on a machine, and then making a mesh bag, also photography taking pictures then making them into negatives. These are only a few of the many units that were in the mobile unit. The units were described by films and cassette tapes. These described in the fields and also how to use the equipment. The mobile unit was very educational and most of the students were glad they had participated.
