Summer has rolled around once more. As you know summers are filled with much fun and parades. In those parades we hope will be Andover's Marching Band. Over the years that we have had a marching band they have always been in parades during the summer months. As you have probably noticed we have accumulated many trophies in the trophy case next to the Main Office. These were won by students with a determination to win and pride for the school. Our Marching Band has always been a symbol of excellence.

The problem with the present day band is the lack of cooperation. In the spring people sign up for the summer band. They promise everyone that they will attend all the practices and parades. Have you noticed that these people say this but when the actual time to participate comes they do not show up? It would be different if they would pick up the telephone receiver and give the band director a call. If people did this little task then we would know the number of people going to attend.

The two position feature of the new board has already saved a lot of time for telephone patrons in the rush period and is proving to be a great advantage to the public than was anticipated.
