For the woman who's at the heart of her family's finances.

You can't afford to be wrong. Because if you're in charge of the family budget, you're making decisions about the future, too. And that's where U.S. Savings Bonds come in. Buy them through your bank. Or encourage your husband to sign up for the Payroll Savings Plan where he works. That way, while you're meeting the day-to-day expenses, you'll still be building a more secure future for your family.

U.S. Savings Bonds. For the woman who really knows a good bargain.

New U.S. Bonds pay 6% interest when held to maturity of 2 years (5 1/2% the first year). Bonds are replaced if lost, stolen or destroyed. When needed, they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America. Join the Payroll Savings Plan.
