**Legal Notice**

NOTICE IS HEREBY GIVEN that on November 25, 1977, Iroquois Telephone Corporation filed with the New York Public Service Commission modifications to its tariff to allow for the ownership of telephones. The proposed effective date is January 5, 1978.

These tariff revisions are being made pursuant to the national registration program and opinion and order 77-17 by the New York Public Service Commission issued October 25, 1977.

Affected are tariffs that cover extensions, credit allowances, jacks and the application of certain service connection charges.

The proposal will give a monthly credit of \$.69 for each telephone set provided by a customer. However, it should be noted that only customers with individual line service will be given this credit.

The present rate for full extension service, including an instrument provided by us is \$1.75 for residence and \$2.00 for business customers. This rate would be \$.69 less for those individual line customers who provide their own instruments.

Copies of the full tariff filing are available for inspection at our division headquarters at 14 Classic Street, Sherburne, New York, or at the offices of the Public Service Commission, Empire State Plaza Albany, New York, or at the business offices listed below.
